## **BENEFITS OUTLINE**

### **IMPORTANT INFORMATION ABOUT THIS OUTLINE**

This Benefits Outline describes the benefits in general terms. It is important to read this Summary Plan Description document in full for specific and detailed information that includes additional exclusions and limitations on benefits. Your manager of employee benefits should be able to help if you have questions. If Participants receive this document and/or any other Plan notices electronically, Participants have the right to receive paper copies of the electronic documents, including summary plan descriptions and plan amendments, upon request at no additional charge.

Throughout this document references to Blue Cross of Idaho (BCI) are referring to the Contract Administrator. For Covered Services under the terms of the Plan, Maximum Allowance is the amount established as the highest level of compensation for a Covered Service. There is more detailed information on how Maximum Allowance is determined and how it affects out-of-state coverage in the Definitions Section. Participants should check with the Contract Administrator to determine if the treatment or service being considered requires Prior Authorization. All Inpatient Admissions and Emergency Admissions require Inpatient Notification Review or Emergency Admission Review, as appropriate. If a Participant chooses a Noncontracting or a nonparticipating Provider, the Participant may be responsible for any charges that exceed the Maximum Allowance.

*Note: In order to receive maximum benefits, some Covered Services require Emergency Admission Notification, Non-Emergency Preadmission Notification, and/or Prior Authorization. Please review the Inpatient Admission Notification Section, the Prior Authorization Section and the Attachment A for specific details.*

### **Your Rights and Protections Against Surprise Medical Bills**

When you get emergency care or are treated by an Out-of-Network Provider at an In-Network Hospital or Ambulatory Surgical Center, you are protected from balance billing. In these cases, you shouldn’t be charged more than your plan’s Copayments, Cost Sharing and/or Deductible.

### **WHAT IS “BALANCE BILLING” (SOMETIMES CALLED “SURPRISE BILLING”)?**

When you see a doctor or other health care Provider, you may owe certain Out-of-Pocket costs, like Copayment, Cost Sharing, or Deductible. You may have additional costs or have to pay the entire bill if you see a Provider or visit a health care facility that isn’t in your health plan’s network.

“Out-of-Network” means Providers and facilities that haven’t signed a contract with your health plan to provide services. Out-of-Network providers may be allowed to bill you for the difference between what your plan pays and the full amount charged for a service. This is called “**balance billing**.” This amount is likely more than In-Network costs for the same service and might not count toward your plan’s Deductible or annual Out-of-Pocket Limit.

“Surprise billing” is an unexpected balance bill. This can happen when you can’t control who is involved in your care—like when you have an emergency or when you schedule a visit at an In-Network facility but are unexpectedly treated by an Out-of-Network Provider. Surprise medical bills could cost thousands of dollars depending on the procedure or service.

### **YOU’RE PROTECTED FROM BALANCE BILLING FOR:**

#### **Emergency services**

If you have an Emergency Medical Condition and get emergency services from an Out-of-Network Provider or facility, the most they can bill you is your plan’s In-Network Cost Sharing amount (such as Copayments, Cost Sharing, and Deductibles). You **can’t** be balance billed for these emergency services. This includes services you may get after you’re in stable condition, unless you give written consent and give up your protections not to be balanced billed for these post-stabilization services.

**Certain services at an In-Network Hospital or Ambulatory Surgical Center**

When you get services from an In-Network Hospital or Ambulatory Surgical Center, certain Providers there may be Out-of-Network. In these cases, the most those Providers can bill you is your plan's In-Network Cost Sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These Providers **can't** balance bill you and may **not** ask you to give up your protections not to be balance billed.

If you get other types of services at these In-Network facilities, Out-of-Network Providers **can't** balance bill you, unless you give written consent and give up your protections.

**You're never required to give up your protections from balance billing. You also aren't required to get Out-of-Network care. You can choose a Provider or facility in your plan's network.**

**WHEN BALANCE BILLING ISN'T ALLOWED, YOU ALSO HAVE THESE PROTECTIONS:**

- You're only responsible for paying your share of the cost (like the Copayments, Cost Sharing, and Deductibles that you would pay if the Provider or facility was In-Network). Your health plan will pay any additional costs to Out-of-Network Providers and facilities directly.
- Generally, your health plan must:
- Cover emergency services without requiring you to get approval for services in advance (also known as "Prior Authorization").
- Cover emergency services by Out-of-Network Providers.
- Base what you owe the Provider or facility (cost-sharing) on what it would pay an In-Network Provider or facility and show that amount in your explanation of benefits.
- Count any amount you pay for emergency services or Out-of-Network services toward your In-Network Deductible and Out-of-Pocket Limit.

**SmartShopper Savings and Incentive Program**

SmartShopper is a voluntary program that allows Participants to shop for eligible medical services, review cost and quality comparisons between local Contracting Providers, and receive a cash incentive for selecting a cost-effective Provider.

As part of the shopping experience, a list of available Contracting Providers along with any cash incentives associated with each Provider will be shown. When shopping for an eligible service, SmartShopper estimates the cost of the service at different Contracting Providers. If the Participant chooses to have a service performed by a cost-effective Provider, the Participant can earn a cash incentive.

Participants remain free to seek care at the Provider of their choice regardless of whether the Provider is on the SmartShopper list or whether an incentive is available. Participants with coverage under Medicaid or Medicare as their primary insurance are not eligible to receive incentives under the SmartShopper program.

SmartShopper incentive payments are processed within approximately sixty (60) days after the date the eligible Covered Services are received and are considered taxable income to the recipient.

For more information about SmartShopper, including a list of eligible services and answers to frequently asked questions, please log on to the Contract Administrator member account at [members.bcidaho.com](https://members.bcidaho.com) and access the Find Care tool to estimate cost and shop for services or call the SmartShopper Personal Assistant Team at 866-507-3528. ## CONTACT INFORMATION FOR THE CONTRACT ADMINISTRATOR

The Idaho School District Cooperative Service Council sponsors the Idaho School Benefit Trust, which provides various medical, dental and vision benefit programs through the Idaho School Benefit Trust to active employees and pre-65 retirees and their Eligible Dependents. These medical, dental and vision benefits are not paid through an insurance policy. Rather, the Trust funds the payment of claims through Participating School District and employee Contributions up to a certain limit and then has an agreement for stop-loss coverage that pays for claims that exceed that limit. The Idaho Department of Insurance requires the Trust to provide an annual audit and to have an independent accredited actuary provide annual certification of the funding amounts and the Contributions.

Blue Cross of Idaho (“BCI”) is the Contract Administrator. The Contract Administrator may act on behalf of the Trust as directed. The Plan document and Summary Plan Description will be used to administer and determine the benefits under the Plan.

For general information, please contact a local Contract Administrator’s office:

**ELIGIBILITY AND ENROLLMENT FOR EMPLOYEES SECTION**

**I. Eligibility and Enrollment**

All Eligible Employees will have the opportunity to apply for coverage under this Summary Plan Description. All applications submitted to the Contract Administrator by the Participating School District now or in the future, will be for Eligible Employees or Eligible Dependents only.

**A. Eligible Employee**

Qualifications for eligibility are shown in the Benefits Outline.

**B. Eligible Dependent**

To qualify as an Eligible Dependent, a person must be and remain one (1) of the following:

1. The Participating Employee’s spouse under a legally valid marriage.
2. The Participating Employee’s or the Participating Employee’s spouse’s natural child, stepchild, legally adopted child, child placed with the Participating Employee for adoption, or child for whom the Participating Employee or the Participating Employee’s spouse has court-appointed guardianship or custody. The child must be under the age of twenty-six (26).
3. A child as described in the first sentence of subparagraph two (2) who has attained age twenty-six (26) provided:
  - a) The child is medically certified as incapable of self-sustaining employment due to an intellectual disability or physical handicap that began prior to age twenty-six (26);
  - b) The child is chiefly dependent upon the Participating Employee or the Participating Employee’s spouse for support and maintenance; and
  - c) The Participating Employee submits proof of such child’s incapacity and dependency as described in this subparagraph three (3) within thirty-one (31) days of such child’s attainment of age twenty-six (26) and as subsequently required by the Contract Administrator and/or the employer at reasonable intervals.

A Participating Employee must notify the Participating School District within thirty (30) days when a dependent no longer qualifies as an Eligible Dependent. Coverage for the former Eligible Dependent will terminate on the last day of the month in which the change in eligibility occurred.

**II. Leave of Absence for Participating Employees**

**A.** Participating Employees who subsequently fail to fulfill the twenty (20) or thirty (30) hour-per-week employment requirement and who have been enrolled for nine (9) months or more, may retain coverage and receive benefits defined in this Summary Plan Description while on a paid, approved leave of absence for a period not to exceed one (1) year; provided the Participating School District continues to pay not less than fifty dollars (\$50.00) per month for each Participant and remits the entire Contribution due with the payment for the other Participants. Coverage for an employee on a paid leave of absence in excess of twelve (12) months will be permitted only on an exception basis approved by the Plan.

**B.** Participating Employees who fail to fulfill the twenty (20) or thirty (30) hour-per-week employment requirement and who have been enrolled for at least one (1) month may retain coverage and receive benefits defined in this Summary Plan Description while on an unpaid, approved leave of absence for a period not to exceed one (1) year. The monthly

Contribution is the sole responsibility of the Participant and must be submitted with the Participating School District payment for the other Participants.

- C. An unpaid leave of absence may be granted by the Participating School District, provided it does not exceed twelve (12) months, and that the Participant intends to return to employment with the Participating School District at the end of the leave of absence.

**III. Participating School District Contribution for Participating Employees**

The Participating School District will pay a uniform amount for each classification of employee; i.e., certified/noncertified, but not less than a rate in proportion to full-time employment for each Participant from district funds. The balance of the Contribution will be payroll-deducted from the Participant's wage.

**IV. Miscellaneous Eligibility and Enrollment Provisions**

- A. The Participating School District will collect Participating Employee Contributions through payroll withholding and be responsible for making the required payments to the Trust through the Contract Administrator on or before the first of each month. Unless required by state or federal law or unless agreed to in writing by the Trustees, the Participating School District will not offer to its employees any other hospital, medical, dental or surgical coverage that is not provided by or through this Summary Plan Description, including but not limited to, coverage under a fee for service/indemnity plan, managed care organization or other similar program or plan, if such coverage is available to the Participating School District through the Plan during the 12 month period from September 1 through August 31 of each year.
- B. It is understood that no Plan will be in effect unless 85% of all Eligible Employees enroll. Employees who certify enrollment under another employer health benefit plan and for whom no cash-in-lieu payment is made are not included in the 85% calculation. Should the total enrollment of Eligible Employees fall below the required 85% the Plan will be subject to surcharge or discontinued at the next renewal date. Existing districts that do not meet this criteria must submit to the Trust a written plan showing how and when compliance will be accomplished.
- C.
  - 1. For an Eligible Employee to enroll themselves and any Eligible Dependents for coverage (or for a Participating Employee to enroll Eligible Dependents for coverage) the Eligible Employee or Participating Employee must complete an enrollment application and submit it and any required Contributions to the Contract Administrator in a manner approved by both the Contract Administrator and the Trust.
  - 2. Except as provided otherwise in this section, the Effective Date of coverage for an Eligible Employee or an Eligible Dependent is the first day of the month following the month of enrollment.
  - 3. The Effective Date of coverage for an Eligible Employee and Eligible Dependents listed on the Eligible Employee's application is the Participating School District's Plan Date, if the application is submitted to the Contract Administrator by the Participating School District on or before the Plan Date.
- D.
  - 1. Except as stated otherwise in subparagraphs D.2. and 3. below, the initial enrollment period is thirty (30) days for Eligible Employees and Eligible Dependents. The initial enrollment period begins on the date the Eligible Employees or Eligible Dependent first becomes eligible for coverage.

2. A Participating Employee's newborn Dependent, including adopted newborn children who are placed with the adoptive Participating Employee within sixty (60) days of the adopted child's date of birth, are covered under this Summary Plan Description from and after the date of birth for sixty (60) days.

In order to continue coverage beyond the sixty (60) days outlined above, the Participating Employee must complete an enrollment application within sixty (60) days of date of birth and submit the required Contribution, for the first sixty (60) days, within thirty-one (31) days of the date monthly billing is received and a notice of Contribution is provided to the Participating Employee from the Trust.

When a newborn child is added and the monthly Contribution changes, a full month's Contribution is required for the child if the child's date of birth falls on the 1st through the 15th day of the month. No Contribution for the first month is required if the child's date of birth falls on the 16th through the last day of the month.

The Effective Date of coverage will be the date of birth for a newborn natural child or a newborn child adopted or placed for adoption within sixty (60) days of the child's date of birth.

If the date of adoption or the date of placement for adoption of a child is more than sixty (60) days after the child's date of birth, the Effective Date of coverage will be the date of adoption or the date of placement for adoption. In this Summary Plan Description, 'child' means an individual who has not attained age eighteen (18) years as of the date of the adoption or placement for adoption. In this Summary Plan Description, "placed for adoption" means physical placement in the care of the adoptive Participating Employee, or in those circumstances in which such physical placement is prevented due to the medical needs of the child requiring placement in a medical facility, it means when the adoptive Participating Employee signs an agreement for adoption of the child and signs an agreement assuming financial responsibility for the child.

3. The initial enrollment period is thirty (30) days for an Eligible Dependent who becomes eligible because of marriage. The initial enrollment period begins on the date of such marriage. The Effective Date of coverage is the first day of the month following the month of enrollment.

**E. Late Participating Employee**

If an Eligible Employee or Eligible Dependent does not enroll during the initial enrollment period described in Paragraph D. of this section or during a special enrollment period described in Paragraph F. of this section, the Eligible Employee or Eligible Dependent is a Late Participating Employee. Following the receipt and acceptance of a completed enrollment application, the Effective Date of coverage for a Late Participating Employee will be the date of the Participating School District's next Plan Date.

**F. Special Enrollment Periods**

An Eligible Employee or Eligible Dependent will not be considered a Late Participating Employee if:

1. Participants Losing Other Coverage — An Eligible Participating Employee or Eligible Dependent losing other coverage may enroll for coverage if each of the following conditions is met:
  - a) The Eligible Participating Employee or Eligible Dependent was covered under a group health plan or had health insurance coverage at the time

- coverage was previously offered to the Eligible Person or Eligible Dependent.
- b) The Eligible Participating Employee's or Eligible Dependent's coverage described in subparagraph a):
    - (1) was under a COBRA continuation provision and the coverage under such provision was exhausted; or
    - (2) was not under such a provision and either the coverage was terminated as a result of loss of eligibility for the coverage (including as a result of legal separation, divorce, death, termination of employment or reduction in the number of hours of employment) or employer Contributions toward such coverage were terminated.
  - c) Under the terms of this Summary Plan Description, the Eligible Participating Employee requests such enrollment not later than thirty (30) days after the date of exhaustion of coverage described in subparagraph b)(1) or termination of coverage or employer Contribution described in subparagraph b)(2).
2. For Dependent Beneficiaries
- a) If a person becomes an Eligible Dependent of an Participating Employee (or of an Eligible Employee who failed to enroll during a previous enrollment period) through marriage, birth, adoption before age eighteen (18) or placement for adoption before age 18, the Eligible Dependent (or, if not otherwise enrolled, the Eligible Person) may enroll, and in the case of the birth or adoption of a child, the spouse of the Participating Employee or Eligible Employee may enroll as an Eligible Dependent if such spouse is otherwise eligible for coverage.
  - b) The dependent special enrollment period under this subparagraph 2 shall be a period of sixty (60) days and shall begin on the date of the marriage, birth, adoption or placement for adoption (as the case may be).
  - c) If a Participating Employee enrolls an Eligible Dependent during the dependent special enrollment period described in this subparagraph 2, the Effective Date of coverage shall be:
    - (1) in the case of marriage, the first day of the month beginning after the date a completed application and any required Contribution is received by the Contract Administrator;
    - (2) in the case of an Eligible Dependent's birth, as of the date of such birth; or
    - (3) in the case of an Eligible Dependent's adoption or placement for adoption, the date of birth for an Eligible Dependent adopted or placed for adoption within sixty (60) days of the Eligible Dependent's date of birth; and the date of such adoption or placement for adoption for an Eligible Dependent adopted or placed for adoption more than sixty (60) days after the Eligible Dependent's date of birth.
3. The Eligible Employee and/or Eligible Dependent become eligible for financial assistance under Medicaid or the Children's Health Insurance Program (CHIP) and coverage is requested no later than sixty (60) days after the date the Eligible Employee and/or Eligible Dependent is determined to be eligible for such assistance.
4. Coverage under Medicaid or CHIP for an Eligible Employee and/or Eligible Dependent is terminated as a result of loss of eligibility for such coverage, and

coverage is requested no later than sixty (60) days after the date of termination of such coverage.

- G. Eligible Employees and their enrolled Eligible Dependents who become eligible for retirement benefits by permanently separating from public employment in accordance with Idaho Code Title 59, Chapter 13 shall be continued on their former Participating School District’s benefit schedule until eligible for Medicare coverage. At the age of sixty-five (65) or when otherwise eligible for Medicare, the Eligible retired Employee or Eligible Dependent shall be converted to the Statewide School Retiree Program, which is a Blue Cross of Idaho program that supplements Medicare.

**V. Eligible Employees Changing to Other Participating School Districts**

Coverage may be continuous for any Eligible Employee who changes employment to another Participating School District. There will be no waiting period for full benefit eligibility if there is no interruption in coverage.

**VI. Retirement**

If a Participant separates from public school employment by retirement in accordance with Idaho Code Title 59, Chapter 13, the Participant and/or their spouse shall be eligible for coverage under the retiree Plan of the Idaho Schools Benefit Trust Program only if the Participant and/or their spouse have been continuously enrolled in the active employee Idaho Schools Benefit Trust Program for the twelve (12) months immediately prior to the Participant’s retirement. Any exceptions will require a health statement.

**VII. Qualified Medical Child Support Order**

- A. If this Summary Plan Description provides for Family Coverage, the Contract Administrator, will comply with a Qualified Medical Child Support Order (QMCSO) according to the provisions of applicable federal or state laws. A medical child support order is any judgment, decree, or order (including approval of a settlement agreement) issued by a court of competent jurisdiction that:
  - 1. Provides for child support with respect to a child of a Participating Employee or provides for health benefit coverage to such a child, is made pursuant to a state domestic relations law (including a community property law) and relates to benefits under this Summary Plan Description, or
  - 2. Enforces a law relating to medical child support described in Section 1908 of the Social Security Act with respect to a group health plan.
- B. A medical child support order meets the requirements of a QMCSO if such order clearly specifies:
  - 1. The name and the last known mailing address (if any) of the Participating Employee and the name and mailing address of each child covered by the order.
  - 2. A reasonable description of the type of coverage to be provided by this Summary Plan Description to each such child, or the manner in which such type of coverage is to be determined.
  - 3. The period to which such order applies.
- C.
  - 1. Within fifteen (15) days of receipt of a medical child support order, the Contract Administrator will notify the party who sent the order and each affected child of the receipt and of the criteria by which the Contract Administrator determines if the medical child support order is a QMCSO. In addition, the Contract Administrator will send an application to each affected child. The application must be completed by or on behalf of the affected child and promptly returned to the Contract

Administrator. With respect to a medical child support order, affected children may designate a representative for receipt of copies of notices sent to each of them.

2. Within thirty (30) days after receipt of a medical child support order and a completed application, the Contract Administrator will determine if the medical child support order is a QMCSO and will notify the Participating Employee, the party who sent the order, and each affected child of such determination.

- D. The Contract Administrator, on behalf of the Trust, will make benefit payments to the respective party for reimbursement of eligible expenses paid by an enrolled affected child or by an enrolled affected child’s custodial parent, legal guardian, or the Idaho Department of Health and Welfare.

**VIII. Family and Medical Leave Act**

Employees of Participating School District subject to the Family and Medical Leave Act (FMLA) may be entitled to up to twelve (12) weeks of unpaid, job-protected leave per year. For those employees eligible for leave under the FMLA, group health benefits may be maintained on the same terms and conditions as if the employee had been continuously employed during the leave.

- If the employee pays a portion of the Contribution for group health plan benefit coverage and FMLA leave is paid, the employee’s paycheck will continue to be reduced by an amount necessary to pay for the employee’s share of the cost of coverage. If the employee does not want to receive the same group health plan benefit coverage during FMLA leave that the employee was receiving just prior to leave, the employee must inform the Participating School District before the leave starts.
- If the employee decides not to receive group health plan benefits during FMLA leave, the employee will be reinstated in these group health plan benefits upon returning to work at the end of FMLA leave.
- If FMLA leave is unpaid and the employee wishes to continue participation in the Plan, the employee must make arrangements with the Participating School District to pay for the coverage that the employee wishes to maintain during the course of leave. Eligibility to continue any coverage that requires payments from the employee may be cancelled if the employee does not make the required payments during the period of FMLA leave.
- If the Participating School District advances money by making any or all of these required payments for the employee, the Participating School District can recoup the amounts advanced through payroll deductions upon the employee’s return to employment following FMLA leave to the extent permitted by law.
- If the employee fails to return from FMLA leave, and the reasons for failure are not beyond the employee’s control, the employee is indebted to the Participating School District for the full amount of the cost of health coverage provided during FMLA leave. The Participating School District may deduct any such amounts owed by the employee from any compensable time payments owed to the employee upon termination for failure to return from an FMLA leave to the extent permitted by law.
- The employee should consult with the Participating School District before embarking on any FMLA qualified leave.

If Plan coverage terminates during the FMLA leave, coverage for benefits under this Summary Plan Description will be reinstated for the employee and the employee’s covered dependents if the employee returns to work in accordance with the terms of the FMLA leave. Coverage will be reinstated only if the employee or the employee’s dependent(s) had coverage under this Summary Plan Description when the FMLA leave started, and will be reinstated to the same extent that it was in force when that coverage terminated.

## ELIGIBILITY AND ENROLLMENT FOR RETIREES SECTION

### I. Eligibility and Enrollment

All Eligible Retirees will have the opportunity to apply for coverage under this Summary Plan Description. All applications submitted to the Contract Administrator by the Participating School District now or in the future, will be for Eligible Employees or Eligible Dependents only.

#### A. Eligible Retiree

1. Eligible Retiree is defined as: A retired employee who was employed by a Participating School District but who has permanently separated from public school employment in accordance with Idaho Code Title 59, Chapter 13.
2. The date the retiree becomes eligible for coverage in the Statewide School Retiree Program is on the first day of retirement in accordance with Idaho Code Title 59, Chapter 13, or the day a school district becomes a Participating School District, whichever is later.
3. A Retiree may, upon written request, defer enrollment in the Statewide School Retiree Program until a future date, thus postponing any draw on the unused sick leave account with PERSI.

During the period of deferment, the Retiree must maintain continuous Trust coverage. The eligibility for Statewide School Retiree Program coverage ends should the School District from which the person retires move coverage for active employees to another insurance carrier.

#### B. Eligible Dependent

To qualify as an Eligible Dependent, a person must be and remain one (1) of the following:

1. The Participating Employee's spouse under a legally valid marriage.
2. The Participating Employee's or the Participating Employee's spouse's natural child, stepchild, legally adopted child, child placed with the Participating Employee for adoption, or child for whom the Participating Employee or the Participating Employee's spouse has court-appointed guardianship or custody. The child must be under the age of twenty-six (26).
3. A child as described in the first sentence of subparagraph two (2) who has attained age twenty-six (26) provided:
  - a) The child is medically certified as incapable of self-sustaining employment due to an intellectual disability or physical handicap that began prior to age twenty-six (26);
  - b) The child is chiefly dependent upon the Participating Employee or the Participating Employee's spouse for support and maintenance; and
  - c) The Participating Employee submits proof of such child's incapacity and dependency as described in this subparagraph three (3) within thirty-one (31) days of such child's attainment of age twenty-six (26) and as subsequently required by the Contract Administrator and/or the employer at reasonable intervals.

A Participating Employee must notify the Participating School District within thirty (30) days when a dependent no longer qualifies as an Eligible Dependent. Coverage for the former Eligible Dependent will terminate the last day of the month in which the change in eligibility occurred.

**II. Loss of Eligibility if a Participating School District Cancels**

If the Participating School District through which the retired Participant was last employed cancels its coverage under the Plan and leaves the Idaho School Benefit Trust Program, the retired Participant ceases to be an Eligible Retiree on the Effective Date of the cancellation.

**III. Payment of Contribution and Effective Date**

A. All Eligible Retirees will have the opportunity to apply for coverage. In order to be eligible for retiree benefits, the Eligible Retiree must have continuous coverage from their former Participating School District's benefit schedule. All applications submitted to the Contract Administrator now or in the future, must be for Eligible Retirees or Eligible Dependents only.

B. The Contribution will be deducted from the Participant's sick leave fund to the extent such funds are available. When the sick leave funds are exhausted, the Contribution shall be deducted from the Participant's pension fund to the extent such funds are available.

If there is a sufficient amount of funds in the Retiree's sick leave and/or pension fund, the Public Employees Retirement System of Idaho agrees to collect required Retiree payments through withholding from the fund, be responsible for and make the payment to the Contract Administrator on or before the first of the month during the term of this Summary Plan Description. If the Retiree's monthly pension and/or sick leave fund is less than the required payment, the Retiree shall be responsible for remitting the entire monthly subscription payment to the Contract Administrator on or before the first of the month during the term of this Summary Plan Description.

C. For a person who is an Eligible Retiree and who applies for Single, Two-Party or Family Coverage on or before the first day the Participant first becomes eligible as provided herein, the Effective Date is either the Participating School District's Plan Date, or the first day of the month after the person first becomes eligible, whichever is earlier. A Retiree may not add a Dependent who was not enrolled when the Retiree was an active employee under the Idaho School Benefit Trust Program, except as provided for Eligible Dependents under paragraph III.F.

D. 1. For an Eligible Retiree to enroll themselves and any Eligible Dependents for coverage (or for A Participant to enroll Eligible Dependents for coverage) the Eligible Person or Participant, as the case may be, must complete an application and submit it and any required Contributions to the Contract Administrator.

2. Except as provided otherwise in this section, the Effective Date of coverage for an Eligible Retiree or an Eligible Dependent will be the first day of the month following the month of enrollment.

When a newborn child is added and the monthly Contribution changes, a full month's Contribution is required for the child if the child's date of birth falls on the 1st through the 15th day of the month. No Contribution for the first month is required if the child's date of birth falls on the 16th through the last day of the month.

The Effective Date of coverage will be the date of birth for a newborn natural child or a newborn child adopted or placed for adoption within sixty (60) days of the child's date of birth.

If the date of adoption or the date of placement for adoption of a child is more than sixty (60) days after the child's date of birth, the Effective Date of coverage will be the date of adoption or the date of placement for adoption. In this Summary Plan Description, 'child' means an individual who has not attained age eighteen (18) years as of the date of the adoption or placement for adoption. #### **IV. Qualified Medical Child Support Order**

- A. If this Summary Plan Description provides for Family Coverage, the Contract Administrator, will comply with a Qualified Medical Child Support Order (QMCSO) according to the provisions of applicable federal or state laws. A medical child support order is any judgment, decree, or order (including approval of a settlement agreement) issued by a court of competent jurisdiction that:
  1. Provides for child support with respect to a child of a Participating Employee or provides for health benefit coverage to such a child, is made pursuant to a state domestic relations law (including a community property law) and relates to benefits under this Summary Plan Description, or
  2. Enforces a law relating to medical child support described in Section 1908 of the Social Security Act with respect to a group health plan.
  
- B. A medical child support order meets the requirements of a QMCSO if such order clearly specifies:
  1. The name and the last known mailing address (if any) of the Participating Employee and the name and mailing address of each child covered by the order.
  2. A reasonable description of the type of coverage to be provided by this Summary Plan Description to each such child, or the manner in which such type of coverage is to be determined.

Within fifteen (15) days of receipt of a medical child support order, the Contract Administrator will notify the party who sent the order and each affected child of the receipt and of the criteria by which the Contract Administrator determines if the medical child support order is a QMCSO. In addition, the Contract Administrator will send an application to each affected child. The application must be completed by or on behalf of the affected child and promptly returned to the Contract Administrator. With respect to a medical child support order, affected children may designate a representative for receipt of copies of notices sent to each of them.
  2. ## HOW TO SUBMIT CLAIMS

A Participant must submit a claim to the Contract Administrator (Blue Cross of Idaho) in order to receive benefits for Covered Services. There are two ways for a Participant to submit a claim:

1. The health care Provider (hospital, doctor, or other facility or specialist) can file the claims for the Participant. Most Providers will submit a claim on a Participant's behalf if the Participant shows them the identification card and asks them to send the Contract Administrator the claim, or submit the claim to the local Blue Cross/Blue Shield plan in the area where services were received.
2. The Participant can send the Contract Administrator the claim or submit the claim to the local Blue Cross/Blue Shield plan in the area where services were received.

### **I. To File a Participant's Own Claims**

If a Provider prefers that a Participant file the claim, here is the procedure to follow:

1. Ask the Provider for an itemized billing. The itemized billing should show each service received and its procedure code and its diagnosis code, the date each service was furnished, and the charge for each service. The Contract Administrator cannot accept billings that only say "Balance Due," "Payment Received" or some similar statement.
2. Obtain a Member Claim Form from the Contract Administrator Website, [www.bcidaho.com](http://www.bcidaho.com), from the Provider or any of the Contract Administrator's offices, and follow the instructions. Use a separate billing and Member Claim form for each patient.
3. Attach the billing to the Member Claim Form and send it to:

Blue Cross of Idaho Claims Control  
Blue Cross of Idaho  
PO Box 7408  
Boise, ID 83707

For assistance with claims or health benefit information, please call the Contract Administrator Customer Service at (208) 331-7347 or 1-800-627-1188.

### **II. How Blue Cross of Idaho Notifies the Participant**

The Contract Administrator will send the Participant an Explanation of Benefits (EOB) by mail or electronically, if the Participant has consented to electronic delivery, once the claim is processed. The EOB will show all the payments the Contract Administrator made on behalf of the Trust and to whom the payments were sent. It will also explain any charges the Contract Administrator did not pay in full. If a Participant would like a paper copy of their EOB, they may request one from the Contract Administrator Customer Service.

## INPATIENT NOTIFICATION SECTION

This section describes procedures that should be followed in order for Participants to receive the maximum benefits available for Covered Services. As specified, Non-Emergency Preadmission Notification or Emergency Admission Notification is required for all Inpatient services.

**NOTE: Some Inpatient services also require the Provider to obtain Prior Authorization. Please refer to the Prior Authorization Section.**

### **I. Non-Emergency Preadmission Notification**

Non-Emergency Preadmission Notification is a notification to the Contract Administrator by the Participant and is required for all Inpatient admissions except Covered Services subject to Emergency or Maternity delivery Admission Notification. A Participant should notify the Contract Administrator of all proposed Inpatient admissions as soon as they know they will be admitted as an Inpatient. The notification should be made before any Inpatient admission. Non-Emergency Preadmission Notification informs the Contract Administrator, or a delegated entity, of the Participant's proposed Inpatient admission to a Licensed General Hospital, Alcohol or Substance Use Disorder Treatment Facility, Psychiatric Hospital, or any other Facility Provider. This notification alerts the Contract Administrator of the proposed stay. When timely notification of an Inpatient admission is provided by the Participant to the Contract Administrator, payment of benefits is subject to the specific benefit levels, limitations, exclusions and other provisions of this Summary Plan Description.

For Non-Emergency Preadmission Notification call the Contract Administrator at the telephone number listed on the back of the Participant's Identification Card.

### **II. Emergency Admission Notification**

When an Emergency Admission occurs for Emergency Medical Conditions and notification cannot be completed prior to admission due to the Participant's condition, the Participant, or their representative, should notify the Contract Administrator within seventy-two (72) hours of the admission. If the admission is on a weekend or legal holiday, the Contract Administrator should be notified by the end of the next working day after the admission.

This notification alerts the Contract Administrator to the emergency stay.

### **III. Continued Stay Review**

The Contract Administrator will contact the hospital utilization review department and/or the attending Physician regarding the Participant's proposed discharge. If the Participant will not be discharged as originally proposed, the Contract Administrator will evaluate the Medical Necessity of the continued stay and approve or disapprove benefits for the proposed course of Inpatient treatment. Payment of benefits is subject to the specific benefit levels, limitations, exclusions and other provisions of this Summary Plan Description.

### **IV. Discharge Planning**

The Contract Administrator will provide information about benefits for various post-discharge courses of treatment.

## PRIOR AUTHORIZATION SECTION

**NOTICE: Prior Authorization is required to determine if the services listed in the Attachment A of the Benefits Outline are Medically Necessary and a Covered Service. If Prior Authorization has not been obtained to determine Medical Necessity, services may be subject to denial. Any dispute involved in the Contract Administrator's Medical Necessity decision must be resolved by use of the appeal process described in this Summary Plan Description.**

***If Non-Medically Necessary services are performed by Contracting Providers, without the Prior Authorization and benefits are denied, the cost of said services are not the financial responsibility of the Participant. The Participant is financially responsible for Non-Medically Necessary services performed by a Provider who does not have a provider contract with the Contract Administrator, Blue Cross of Idaho.***

Prior Authorization is a request by the Participant's Contracting Provider to the Contract Administrator, or delegated entity, for authorization of a Participant's proposed treatment. The Contract Administrator may review medical records, test results and other sources of information to ensure that it is a Covered Service and make a determination as to Medical Necessity or alternative treatments.

Please refer to Attachment A of the Benefits Outline, check the Contract Administrator Website at [www.bcidaho.com](http://www.bcidaho.com), or call Customer Service at the telephone number listed on the back of the Participant's Identification Card to determine if the Participant's proposed services require Prior Authorization. To request Prior Authorization, the Contracting Provider must notify the Contract Administrator of the Participant's intent to receive services that require Prior Authorization.

The notification may be completed by telephone call or in writing and must include the information necessary to establish that the proposed services are Covered Services under the Participant's Plan and Medically Necessary. The Contract Administrator will respond to a request for Prior Authorization received from either the Provider or the Participant within seventy-two (72) hours for an expedited request or fourteen (14) days for a standard request, of the receipt of the medical information necessary to make a determination.

**Noncontracting Providers:** Please refer to Attachment A of the Benefits Outline, check the Contract Administrator's Website at [www.bcidaho.com](http://www.bcidaho.com), or call Customer Service at the telephone number listed on the back of the Participant's Identification Card to determine if the proposed services require Prior Authorization. The Participant is responsible for obtaining Prior Authorization when seeking treatment from a Noncontracting Provider. The Participant is financially responsible for services performed by a Noncontracting Provider when those services are determined to be not Medically Necessary. The Participant is responsible for notifying the Contract Administrator if the proposed treatment will be provided by a Noncontracting Provider

***Prior Authorization is not a guarantee of payment. It is a pre-service determination of Medical Necessity based on information provided to the Contract Administrator at the time the Prior Authorization request is made. The Contract Administrator, on behalf of the Trust, retains the right to review the Medical Necessity of services, eligibility of services and benefit limitations and exclusions after services are received.***

## GENERAL BENEFIT INFORMATION

This section specifies the benefits a Participant is entitled to receive for Covered Services described, or conditions that must be satisfied to qualify for benefits, subject to the other provisions of this Summary Plan Description.

### I. **Benefit Period**

The Benefit Period is the specified period of time during which a Participant accumulates toward annual benefit limits, Deductible amounts and Out-of-Pocket Limits. Please see the cover page of this Summary Plan Description for the Benefit Period. If the Participant's Effective Date is after the Plan Date, the initial Benefit Period for that Participant may be less than twelve (12) months.

The Benefit Period for Hospice Covered Services is a continuous six (6)-month period that begins when the Contract Administrator approves the Hospice Plan of Treatment. The Participant may apply to the Contract Administrator for an extension of the Hospice Benefit Period.

### II. **Choosing Benefit Options**

HDHP Blue PPO allows Eligible Employees to choose between two different health care coverage options:

- A. *Individual Option*: Coverage for only one member of a household.
- B. *Family Option*: Coverage for two or more members of a household.

### III. **Deductible**

The *Individual and Family Option* Deductible amounts are stated in the Benefits Outline. Expenses incurred for noncovered services are not applicable to the *Individual Option* or the *Family Option* Deductibles.

#### A. *Individual Option*

An enrolled individual's Deductible, as specified in the Benefits Outline, consists of the total dollars contributed toward eligible Covered Services per Benefit Period.

#### B. *Family Option*

An enrolled Family's Deductible, as specified in the Benefits Outline, consists of the total dollars contributed toward eligible Covered Services per Benefit Period for all Participants covered under the same Family Option. No Participant may contribute more than the Individual Deductible amount toward the Family Deductible.

Should the federal government adjust the Deductible for high deductible plans as defined by the Internal Revenue Service, the Deductible amount in this Summary Plan Description will be adjusted accordingly.

### IV. **Out-Of-Pocket Limit**

The Out-of-Pocket Limits for the *Individual Option* and the *Family Option* are stated in the Benefits Outline. The Out-of-Pocket Limit shall be based upon a Participant's eligible Out-of-Pocket expenses incurred during one Benefit Period. Eligible Out-of-Pocket expenses shall include only the Participant's Deductible, Copayments and Cost Sharing for eligible Covered Services. When the Out-of-Pocket Limit is met, benefits payable for Covered Services increase to 100% of the Maximum Allowance during the remainder of the Benefit Period, except for services that do not apply to the limit as listed in the Summary Plan Description. If a Participant is admitted as an Inpatient at the end of a Benefit Period and the hospitalization continues uninterrupted into the succeeding Benefit Period, all eligible Out-of-Pocket expenses incurred for Inpatient Hospital Services are considered part of the Benefit Period in which the date of admission occurred.

Out-of-Pocket expenses associated with the following are not included in the Out-of-Pocket Limit:

- A. Amounts that exceed the Maximum Allowance.
- B. Amounts that exceed benefit limits.
- C. Services covered under a separate Plan, if any.
- D. Noncovered services or supplies.
- E. Services covered under a separate Plan, if any.

- A. For In-Network Services: Unless stated otherwise, for Covered Services furnished in the state of Idaho, the Contract Administrator will pay or otherwise satisfy a percentage of the Maximum Allowance (shown in the Benefits Outline) if the Covered Services were rendered by a Provider. For Out-of-Network Services: Unless stated otherwise, for Covered Services rendered in the state of Idaho, the Contract Administrator will pay or otherwise satisfy a percentage of the Maximum Allowance (shown in the Benefits Outline) if the Covered Services were rendered by a Provider. Several Providers are paid at different rates and/or have different benefit limitations as described in that specific benefit section and in the Benefits Outline.

- B. For Covered Services furnished outside the state of Idaho by a Provider, the Contract Administrator shall provide the benefit payment levels specified in this section according to the following:
  1. If the Provider has a PPO agreement for claims payment with the Blue Cross and/or Blue Shield plan in the area where the Covered Services were rendered, BCI will base the payment on the local plan's Preferred Provider Organization payment arrangement and allow In-Network benefits. The Provider shall not make an additional charge to a Participant for amounts in excess of the Contract Administrator's payment except for Deductibles, Cost Sharing, Copayments and noncovered services.
  2. If the Provider does not have a PPO agreement for claims payment with the Blue Cross and/or Blue Shield plan in the area where the Covered Services are rendered, the Contract Administrator will base payment on the Maximum Allowance and allow Out-of-Network benefits. Except as provided by the federal No Surprises Act, the Provider is not obligated to accept BCI's payment as payment in full. Neither the Contract Administrator or the Trust are responsible for the difference, if any, between BCI's payment and the actual charge.
- C. A Contracting Provider rendering Covered Services shall not make an additional charge to a Participant for amounts in excess of the Contract Administrator's payment except for Deductibles, Cost Sharing, Copayments and noncovered services.

The evidence should consist of current published medical literature and investigations published in peer-reviewed journals. The quality of the studies and consistency of results will be considered. ## GENERAL PROVISIONS SECTION

### I. Termination or Modification of a Participant's Coverage

- A.** If a Participating Employee ceases to be an Eligible Employee or the Participating School District does not remit the required Contribution, the Participating Employee's coverage and the coverage of any and all enrolled Eligible Dependents will terminate on the last day of the last month for which payment was made. If the Participating School District does not remit the required payments as required by the Administrative Services Agreement and the Contract Administrator elects to terminate this Agreement, the Participating Employee's coverage and the coverage of any and all enrolled Eligible Dependents will terminate on the last day for which the Participating School District reimbursed the Contract Administrator for the payment of claims and administrative fees.
- B.** Except as provided in this paragraph, coverage for a Participant who is no longer eligible under this Summary Plan Description will terminate on the date a Participant no longer qualifies as a Participant, as defined in the Eligibility and Enrollment Section. Coverage will not terminate because of age for a Participant who is a dependent child incapable of self-sustaining employment by reason of intellectual disability or physical handicap, who became so incapable prior to reaching the age limit, and who is chiefly dependent on the Participating Employee for support and maintenance, provided the Participating Employee, within thirty-one (31) days of when the dependent child reaches the age limit, has submitted to the Contract Administrator (at the Participating Employee's expense) a Physician's certification of such dependent child's incapacity. The Contract Administrator, on behalf of the Trust, may require, at reasonable intervals during the two (2) years following when the child reaches the age limit, subsequent proof of the child's continuing disability and dependency. After two (2) years, the Contract Administrator, on behalf of the Trust, may require such subsequent proof once each year. Coverage for the dependent child will continue so long as the Plan remains in effect, the child's disability and financial dependency exists, and the child has not exhausted benefits.
- C.** Termination or modification of this Summary Plan Description automatically terminates or modifies all of the Participant's coverage and rights hereunder. It is the responsibility of the Participating School District to notify all of its Participants of the termination or any modification of this Summary Plan Description, and the Contract Administrator's notice to the Participating School District, upon mailing or any other delivery, constitutes complete and conclusive notice to the Participants.
- D.** No benefits are available to a Participant for Covered Services rendered after the date of termination of a Participant's coverage.
- E.** The Trust may terminate or retroactively rescind a Participant's coverage under this Summary Plan Description for any intentional misrepresentation, omission, or concealment of fact by, concerning, or on behalf of any Participant that was or would have been material to the Trust's acceptance of a risk, extension of coverage, provision of benefits, or payment of any claim.
- F.** Prior to legal finalization of an adoption, the coverage provided in this Plan for a child placed for adoption with a Participating Employee continues as it would for a naturally born child of the Participating Employee until the first of the following events occurs:
1. The date the child is removed permanently from placement and the legal obligation terminates, or

2. The date the Participating Employee rescinds, in writing, the agreement of adoption or the agreement assuming financial responsibility.

If one (1) of the foregoing events occurs, coverage terminates on the last day of the month in which such event occurs.

- G. Coverage under this Summary Plan Description will terminate for an Eligible Dependent on the last day of the month the Participant no longer qualifies as an Eligible Dependent due to a change in eligibility status.

## **II. Benefits After Termination of Coverage**

### **A. Continuation of Coverage Under Federal Law**

As mandated by federal law, this Summary Plan Description offers optional continuation of coverage to the Participating Employee and their covered dependents if coverage ends due to one of the following qualifying events:

1. Termination of the Participating Employee's employment for any reason, except gross misconduct as defined in the Participating School District's personnel policies. Coverage may continue for the Participating Employee and/or their Eligible Dependents.
2. A reduction in hours worked by the Participating Employee that results in loss of Plan eligibility. Coverage may continue for the Participating Employee and/or their Eligible Dependents.
3. The Participating Employee's death. Coverage may continue for their Eligible Dependents.
4. Divorce or legal separation from the Participating Employee's spouse. Coverage may continue for that spouse and the Eligible Dependents.
5. The Participating Employee becomes entitled to Medicare. Coverage may continue for Eligible Dependents that are not entitled to Medicare.
6. Loss of eligibility of covered dependent children due to Plan eligibility requirements. Coverage may continue for that dependent.

To choose this continuation of coverage, an individual must be a Participating Employee or an enrolled Eligible Dependent under this Summary Plan Description on the day before the qualifying event. Choosing this continuation of coverage may interfere with the Participant's ability to receive coverage, which may be subsidized, under a state or federal exchange.

### **B. Notification Requirement**

The Participating Employee or the Eligible Dependent has the responsibility to inform the Participating School District of a divorce, legal separation or a child losing dependent status under the Plan within sixty (60) days of the qualifying event. Failure to provide this notification within sixty (60) days will result in the loss of continuation coverage rights.

The Participating School District has the responsibility of notifying the Contract Administrator of your death, termination of employment, reduction in hours, or entitlement to Medicare within thirty (30) days of the qualifying event.

The Contract Administrator, on behalf of the Trust, will notify a qualifying individual of continuation coverage rights with respect to those health care benefits under the Plan that are administered by the Contract Administrator within fourteen (14) days of notification. The qualifying individual then has sixty (60) days to elect continuation coverage. Failure to elect continuation coverage within sixty (60) days after being notified by the Contract Administrator, on behalf of the Trust, will result in loss of continuation of coverage rights.

**C. Cost of Continuation Coverage**

The cost of continuation coverage is determined by the Trust and paid by the qualifying individual. If the qualifying individual is not disabled, the applicable Contribution cannot exceed 102% of the Trust's cost of providing coverage. The cost of coverage during a period of extended continuation coverage due to a disability cannot exceed 150% of the Trust's cost of coverage.

The qualified individual must make the first payment within forty-five (45) days of notifying the Contract Administrator (BCI) of selection of continuation coverage. Future payments can be made in monthly installments within thirty (30) days of the due date. Rates and payment schedules are established by the Trust and may change when necessary due to Plan modifications.

The cost of continuation coverage is computed from the date coverage would normally end due to the qualifying event.

Failure to make the first payment within forty-five (45) days or any subsequent payment within thirty (30) days of the established due date will result in the permanent cancellation of continuation coverage.

**D. Maximum Period of Continuation Coverage**

The maximum period of continuation coverage for individuals who qualify due to termination of employment or reduction in hours worked is eighteen (18) months from the date of the qualifying event.

If a qualifying individual is disabled (as determined by the Social Security Administration) at the Participating Employee's time of termination or reduction in hours or is declared disabled within the first sixty (60) days of continuation coverage, continuation coverage for the qualifying individual may be extended to twenty-nine (29) months provided the qualifying individual notifies the Contract Administrator (Blue Cross of Idaho) within the eighteen (18) month continuation coverage period and within sixty (60) days after they receive notification of disability from the Social Security Administration (SSA).

The maximum period of continuation coverage for individuals who qualify due to any other described qualifying event, except bankruptcy, is thirty-six (36) months from the date of the qualifying event.

**E. Multiple Qualifying Events**

Should the Eligible Dependent(s) experience more than one qualifying event, they may be eligible for an additional period of continued coverage not to exceed a total of thirty-six (36) months from the date of the first qualifying event. For example, if the Participating Employee terminates employment, the Participating Employee and any enrolled Eligible Dependents may be eligible for eighteen (18) months of continued coverage. If during this eighteen (18) month period a second qualifying event (divorce, legal separation, death, Medicare entitlement, or a dependent child ceasing to be a dependent) takes place, then the original eighteen (18) months of continuation coverage can be extended to thirty-six (36)

months from the date of the original qualifying event date for the enrolled Eligible Dependent qualified beneficiaries. If a second event occurs, it is the qualified beneficiary's responsibility to notify the Contract Administrator.

**F. When Continuation Coverage Ends**

Continuation Coverage ends on the earliest of:

1. The date the maximum continuation period expires.
2. The date the qualifying individual becomes entitled to coverage under Medicare.
3. The last period for which payment was made when coverage is cancelled due to nonpayment of the required cost.
4. The date the Trust no longer offers a group health plan to any of its employees.
5. The date the qualifying individual becomes covered under another group health plan.

**III. Contract Between the Contract Administrator and The Trust**

This Summary Plan Description is part of the Administrative Services Agreement between the Contract Administrator and the Trust. The Contract Administrator will provide the Participating School District with copies of the Summary Plan Description to give to each Participating Employee as a description of coverage or provide electronic access to the Summary Plan Description, but this Summary Plan Description shall not be construed as a contract between the Contract Administrator and any Participating Employee. The Contract Administrator's mailing or any electronic delivery of the Plan to the Participating School District constitutes complete and conclusive issuance and delivery thereof to each Participating Employee.

**IV. Benefits to Which Participants are Entitled**

- A. Subject to all of the terms of this Summary Plan Description, a Participant is entitled to benefits for Covered Services in the amounts specified in the benefit sections and/or in the Benefits Outline.
- B. Benefits will be provided only if Covered Services are prescribed by, or performed by, or under the direction of a Physician or other Professional Provider and are regularly and customarily included in such Providers' charges.
- C. Covered Services are subject to the availability of Licensed General Hospitals and other Facility Providers and the ability of the employees of such Providers and of available Physicians to provide such services. The Trust and/or the Contract Administrator shall not assume nor have any liability for conditions beyond its control which affect the Participant's ability to obtain Covered Services.
- D. The Board of Trustees of the Idaho School Benefit Trust intends the Plan to be permanent, but because future conditions affecting the Idaho School Benefit Trust cannot be anticipated or foreseen, the Board of Trustees of the Idaho School Benefit Trust reserves the right to amend, modify, or terminate the Plan at any time (pursuant to Idaho Code and Rules), which may result in the termination or modification of the Participants' Coverage. Expenses incurred prior to the Plan modification or termination will be paid as provided under the terms of the Plan prior to its modification or termination. Any material change made to the Plan will be provided in writing within sixty (60) days of the Effective Date of change.

**V. Notice of Claim**

The Contract Administrator will process claims for benefits on behalf of the Participating School District according to the Administrative Services Agreement between the parties. A claim for

Covered Services must be submitted within one year from the date of service and must include all the information necessary for the Contract Administrator to determine benefits.

**VI. Release and Disclosure of Medical Records and Other Information**

In order to effectively apply the provisions of the Plan, the Contract Administrator may obtain information from Providers and other entities pertaining to any health related services that the Participant may receive or may have received in the past. The Contract Administrator may also disclose to Providers and other entities, information obtained from the Participant's transactions, Contributions, payment history and claims data necessary to allow the processing of a claim and for other health care operations. To protect the Participant's privacy, the Contract Administrator treats all information in a confidential manner.

**VII. Exclusion of General Damages**

Liability under this Summary Plan Description for benefits conferred hereunder, including recovery under any claim or breach of the Plan, shall be limited to the actual benefits for Covered Services as provided herein and shall specifically exclude any claim for general damages, including but not limited to, alleged pain, suffering or mental anguish, or for economic loss, or consequential loss or damages.

**VIII. Payment of Benefits**

The Contract Administrator (Blue Cross of Idaho) provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

- A.** The Contract Administrator, on behalf of the Trust, is authorized by the Participant to make payments directly to Providers rendering Covered Services to the Participant for benefits provided under this Plan. Notwithstanding this authorization, the Contract Administrator, on behalf of the Trust, reserves and shall have the right to make such payments directly to the Participant. Except as provided by law, the Contract Administrator's right, on behalf of the Trust, to pay a Participant directly is not assignable by a Participant nor can it be waived without the Contract Administrator's concurrence, on behalf of the Trust, nor may the right to receive benefits for Covered Services under this Summary Plan description be transferred or assigned, either before or after Covered Services are rendered. Payments will also be made in accordance with any assignment of rights required by state Medicaid plan.
- B.** The Contract Administrator and the Trust prohibits direct or indirect payment by third parties unless it meets the standards set below.

Family, friends, religious institutions, private, not-for-profit foundations such as Indian tribes, tribal organizations, urban Indian organizations, state and federal government programs or grantees or sub-grantees such as the Ryan White HIV/AIDS Program and other similar entities are not prohibited from paying contribution on behalf of an individual receiving medical treatment. Cost Sharing contributions made from permitted third parties will be applied to the Participants applicable Deductible and/or Out-of-Pocket Limit.

Each of the following criteria must be met for the Contract Administrator or the Trust to accept a third party payment:

1. the assistance is provided on the basis of the Participant's financial need;
2. the institution/organization is not a healthcare Provider; and
3. the institution/organization is not financially interested. Financially interested institutions/organizations include institutions/organizations that receive the majority of their funding from entities with a pecuniary interest in the payment of health insurance claims, or institutions/organizations that are subject to direct or indirect control of entities with a pecuniary interest in the payment of health insurance claims.

To assist in appropriately applying Cost Sharing contributions made from a permitted third party to the Participant's applicable Deductible and/or Out-of-Pocket Limit, the Participant is encouraged to provide notification to the Contract Administrator if they receive any form of assistance for payment of their Contribution, Cost Sharing, Copayment or Deductible amounts.

Contributions submitted in violation of this provision will not be accepted and the Participating Employee's Plan may be terminated for non-payment. Cost Sharing contributions made from non-permitted third parties will not be applied to the Participants applicable Deductible and/or Out-of-Pocket Limit. The Contract Administrator will inform the Participant in writing of the reason for rejecting or otherwise refusing to treat a third party payment as a payment from the Participant.

- C. Once Covered Services are rendered by a Provider, the Contract Administrator, on behalf of the Trust, shall not be obliged to honor Participant requests not to pay claims submitted by such Provider, and the Contract Administrator, on behalf of the Trust, shall have no liability to any person because of its rejection of such request; however, in its sole discretion, for good cause, the Contract Administrator, on behalf of the Trust, may nonetheless deny all or any part of any Provider claim.

#### **IX. Participant/Provider Relationship**

- A. The choice of a Provider is solely the Participant's.
- B. The Contract Administrator does not render Covered Services but only makes payment for Covered Services received by Participants. The Contract Administrator and the Trust are not liable for any act or omission or for the level of competence of any Provider, and have no responsibility for a Provider's failure or refusal to render Covered Services to a Participant.
- C. The use or nonuse of an adjective such as Contracting or Noncontracting is not a statement as to the ability of the Provider.

#### **X. Participating Plan**

The Contract Administrator may, in its sole discretion, make an agreement with any appropriate entity (referred to as a Participating Plan) to provide, in whole or in part, benefits for Covered Services to Participants, but it shall have no obligation to do so.

#### **XI. Coordination of the Plan's Benefits with Other Benefits**

This Summary Plan Description is a high deductible health plan that is compatible with an HSA. A Participant is ineligible for an HSA if they are also covered under a health plan that is not a high deductible health plan. If the Participant is enrolled in other health insurance coverage consistent with the provisions below, the provisions below will be applied to this Summary Plan Description.

This Coordination of Benefits (COB) provision applies when a Participant has health care coverage under more than one (1) Contract. Contract is defined below.

The Order of Benefit Determination Rules govern the order in which each Contract will pay a claim for benefits. The Contract that pays first is called the Primary Contract. The Primary Contract must pay benefits in accordance with its terms without regard to the possibility that another Contract may cover some expenses. The Contract that pays after the Primary Contract is the Secondary Contract. The Secondary Contract may reduce the benefits it pays so that payments from all Contracts does not exceed one hundred percent (100%) of the total Allowable Expenses.

**A. Definitions**

1. A Contract is any of the following that provides benefits or services for medical or dental care or treatment. If separate Contracts are used to provide coordinated coverage for members of a group, the separate Contracts are considered parts of the same Contract and there is no COB among those separate contracts.
  - a) Contract includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, Closed Panel Plans or other forms of group or group type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
  - b) Contract does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefit for non-medical components of long-term care policies; Medicare supplement policies; Medicare or any other federal governmental plans, unless permitted by law.

Each Contract for coverage under a) or b) is a separate Contract. If a Contract has two (2) parts and COB rules apply only to one (1) of the two (2), each of the parts is treated as a separate Contract.

2. This Contract means, in a COB provision, the part of the Contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other Contracts. Any other part of the Contract providing health care benefits is separate from this plan. A Contract may apply one (1) COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, any may apply under COB provision to coordinate other benefits.
3. The Order of Benefit Determination Rules determine whether This Contract is a Primary Contract or Secondary Contract when the Participant has health care coverage under more than one (1) Contract. When This Contract is primary, it determines payment for its benefits first before those of any other Contract without considering any other Contract's benefits. When This Contract is secondary, it determines its benefits after those of another Contract and may reduce the benefits it pays so that all Contract benefits do not exceed one hundred percent (100%) of the total Allowable Expense.
4. Allowable Expense is a health care expense, including Deductibles, Cost Sharing and Copayments, that is covered at least in part by any Contract covering the Participant. When a Contract provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Contract covering the Participant is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable Expense.

The following are examples of expenses that are not Allowable Expenses:

- a) The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable Expense, unless one of the Contracts provides coverage for private hospital room expenses.

- b) If a Participant is covered by two (2) or more Contracts that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology, or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
  - c) If a Participant is covered by two (2) or more Contracts that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees it not an Allowable Expense.
  - d) If a Participant is covered by one (1) Contract that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Contract that provides its benefits or services on the basis of negotiated fees, the Primary Contract’s payment arrangement shall be the Allowable Expense for all Contracts. However, if the provider has contracted with the Secondary Contract to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Contract’s payment arrangement and if the provider’s contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Contract to determine its benefits.
  - e) The amount of any benefit reduction by the Primary Contract because a covered person has failed to comply with the Contract provisions is not an Allowable Expense. Examples of these types of Contract provisions include second surgical opinions, pre-certificate of admissions, and preferred provider arrangements.
- 5. Closed Panel Plan is a Contract that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
  - 6. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

**B. Order of Benefit Determination Rules**

When a Participant is covered by two (2) or more Contracts, the rules for determining the order of benefit payments are as follows:

- 1. The Primary Contract pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Contract.
- 2.
  - a) Except as provided in Paragraph 2.b) below, a Contract that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Contracts state that the complying Contract is primary.
  - b) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the

Contract provided by the Contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

3. A Contract may consider the benefits paid or provided by another Contract in calculating payment of its benefits only when it is secondary to that other Contract.
4. Each Contract determines its order of benefits using the first of the following rules that apply:
  - a) Non-Dependent or Dependent. The Contract that covers the Participant other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Contract and the Contract that covers the Participant as a dependent is the Secondary Contract. However, if the Participant is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Contract covering the Participant as a dependent; and primary to the Contract covering the Participant as other than a dependent (e.g. a retired employee); then the order of benefits between the two Contracts is reversed so that the Contract covering the Participant as an employee, member, policyholder, subscriber or retiree is the Secondary Contract and the other Contract is the Primary Contract.
  - b) Dependent Child Covered Under More Than One Contract. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Contract the order of benefits is determined as follows:
    - 1) For a dependent child whose parents are married or are living together, whether or not they have ever been married: The Contract of the parent whose birthday falls earlier in the calendar year is the Primary Contract; or If both parents have the same birthday, the Contract that has covered the parent the longest is the Primary Contract.
    - 2) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
      - a) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Contract of that parent has actual knowledge of those terms, that Contract is primary. This rule applies to Contract year commencing after the Contract is given notice of the court decree;
      - b) If a court decree states that both parents are responsible for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (1) shall determine the order of benefits;
      - c) If a court decree states both parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage, the provisions of Subparagraph (1) above shall determine the order of benefits;
      - d) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
        - 1) The Contract covering the Custodial Parent;

- 2) The Contract covering the spouse of the Custodial Parent;
- 3) The Contract covering the non-Custodial Parent; and then
- 4) The Contract covering the spouse of the non-Custodial Parent.

For a dependent child covered under more than one Contract of individuals who are not the parents of the child, the provisions of Subparagraph (1) or (2) above shall determine the order of benefits as if those individuals were the parents of the child.

- c) **Active Employee or Retired or Laid-off Employee.** The Contract that covers a Participant as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Contract. The Contract covering that same Participant as a retired or laid-off employee is the Secondary Contract. The same would hold true if a Participant is a dependent of an active employee and that same Participant is a dependent of a retired or laid-off employee. If the other Contract does not have this rule, and as a result, the Contracts do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4.a) can determine the order of benefits.
- d) **COBRA or State Continuation Coverage.** If a Participant whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Contract, the Contract covering the Participant as an employee, member, subscriber or retiree or covering the Participant as a dependent of an employee, member, subscriber or retiree is the Primary Contract and the COBRA or state or other federal continuation coverage is the Secondary Contract. If the other Contract does not have this rule, and as a result, the Contracts do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4.a) can determine the order of benefits.
- e) **Longer or Shorter Length of Coverage.** The Contract that covered the Participant as an employee, member, policyholder, subscriber, or retiree longer is the Primary Contract and the Contract that covered the Participant the shorter period of time is the Secondary Contract.
- f) If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Contracts meeting the definition of Contract. In addition, This Contract will not pay more than it would have paid had it been the Primary Contract.

**C. Effect on the Benefits of this Contract**

1. When This Contract is secondary, it may reduce its benefits so that the total benefits paid or provided by all Contracts during a Contract year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Contract will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Contract that is unpaid by the Primary Contract. The Secondary Contract may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Contract, the total benefits paid or provided by all Contracts for the claim do not exceed the total Allowable Expenses for that claim. In addition, the Secondary Contract shall credit to its Contract deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
  
2. If a covered person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Contract and other Closed Panel Plans.

**D. Facility of Payment**

A payment made under another Contract may include an amount that should have been paid under This Contract. If it does, the Contract Administrator may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Contract. The Contract Administrator will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

**E. Right of Recovery**

If the amount of the payments made by the Contract Administrator is more than it should have paid under this COB provision, it may recover the excess from one or more of the Participants it has paid or for whom it has paid; or any other Participant or organization that may be responsible for the benefits or services provided for the covered Participant. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

**XII. Benefits for Medicare Eligibles Who are Covered Under the Plan**

- A. If the Participating School District has twenty (20) or more employees, any Eligible Employee or spouse of an Eligible Employee who becomes or remains a Participant of the Participating School District covered by this Summary Plan Description after becoming eligible for Medicare (due to reaching age sixty-five (65)) is entitled to receive the benefits of the Plan as primary.
  
- B. If the Participating School District has one hundred (100) or more employees or the Participating School District is an organization which includes an employer with one hundred (100) or more employees, any Eligible Employee, spouse of an Eligible Employee or dependent child of an Eligible Employee who becomes or remains a Participant of the Participating School District covered by this Summary Plan Description after becoming eligible for Medicare due to disability is entitled to receive the benefits of the Plan as primary.
  
- C. A Participant eligible for Medicare based solely on end stage renal Disease is entitled to receive the benefits of the Plan as primary for eighteen (18) months only, beginning with the

month of Medicare entitlement, if Medicare entitlement is effective before March 1, 1996. If Medicare entitlement is effective on or after March 1, 1996, the Participant is entitled to receive the benefits of the Plan as primary for thirty (30) months only, beginning with the month of Medicare entitlement. Medicare is secondary during the thirty (30)-month period, known as the coordination period. When the Plan is primary, it pays in accordance with the terms of the Plan. In certain circumstances, such as when using a Noncontracting Provider, Participants may be responsible for amounts in excess of the Maximum Allowance. Medicare does not typically permit billing for amounts in excess of the Maximum Allowance, when it is primary. Participants should contact Medicare for more information about their options.

- D. The Participating School District's retirees, if covered under this Summary Plan Description, and Eligible Employees or spouses of Eligible Employees (if a Participant) who are not subject to paragraphs A., B. or C. of this provision and who are Medicare eligible, will receive the benefits of the Plan reduced by any benefits available under Medicare. This applies even if the Participant fails to enroll in Medicare or does not claim the benefits available under Medicare.

### **XIII. Incorporated by Reference**

All of the terms, limitations and exclusions of coverage contained in this Summary Plan Description are incorporated by reference into all sections and Amendments and are as effective as if fully expressed in each one unless specifically noted to the contrary.

### **XIV. Inquiry and Appeals Procedures**

If the Participant's claim for benefits is denied and an Adverse Benefit Determination is issued, the Participant must first exhaust any applicable internal appeals process described below prior to pursuing legal action.

#### **A. Informal Inquiry**

For any initial questions concerning a claim, a Participant should call or write the Contract Administrator's Customer Service Department. The Contract Administrator's phone numbers and addresses are listed on the Explanation of Benefits (EOB) form and in the Contact Information section of this Summary Plan Description.

#### **B. Formal Appeal**

A Participant who wishes to formally appeal a Pre-Service Claim decision may do so through the following process:

1. A Participant may have an authorized representative pursue a benefit claim or an appeal of an Adverse Benefit Determination on their behalf. The Contract Administrator requires that a Participant execute an "Appointment of Authorized Representative" form before the Contract Administrator, on behalf of the Trust determines that an individual has been authorized to act on behalf of the Participant. The form can be found on the Contract Administrator's Website at [www.bcidaho.com](http://www.bcidaho.com).
2. A written appeal must be sent to the Appeals and Grievance Coordinator within one hundred eighty (180) days after receipt of the notice of Adverse Benefit Determination. Urgent claim appeals, and the documents in support of such appeals may be submitted by phone or facsimile. The appeal should set forth the reasons why the Participant contends the decision was incorrect. Any written comments, documents or other relevant information may be submitted with the appeal.
3. After receipt of the appeal, all facts, including those originally used in making the initial decision and any additional information that is sent or that is otherwise

relevant, will be reviewed by the Contract Administrator's Medical Director or physician designee. For non-urgent claim appeals, the Contract Administrator will mail a written reply to the Participant within fifteen (15) days after receipt of the written appeal. Urgent claim appeals will be notified orally within seventy-two (72) hours. If the original decision is upheld, the reply will state the specific reasons for denial and the specific provisions on which the decision is based. Each appeal will be processed as quickly as possible taking into account the medical exigencies of each claim.

4. Furthermore, the Participant or their authorized representative has the right to reasonable access to, and copies of all documents, records, and other information that are relevant to the appeal.
5. If the original, non-urgent claim decision is upheld upon reconsideration, the Participant may send an additional written appeal to the Appeals and Grievance Coordinator requesting further review. This appeal must set forth the reasons for requesting additional reconsideration and must be sent within thirty (30) days of the Contract Administrator's mailing of the initial reconsideration decision. The Contract Administrator's Medical Director who is not subordinate to the Medical Director or physician designee who decided the initial appeal, will issue a final decision after consideration of all relevant information. A final decision on the appeal will be made within fifteen (15) days of its receipt.

C. A Participant who wishes to formally appeal a Post-Service Claims decision may do so through the following process:

1. A Participant may have an authorized representative pursue a benefit claim or an appeal of an Adverse Benefit Determination on their behalf. The Contract Administrator requires that a Participant execute an "Appointment of Authorized Representative" form before the Contract Administrator, on behalf of the Trust determines that an individual has been authorized to act on behalf of the Participant. The form can be found on the Contract Administrator's Website at [www.bcidaho.com](http://www.bcidaho.com).
2. A written appeal must be sent to the Appeals and Grievance Coordinator within one hundred eighty (180) days after receipt of the notice of Adverse Benefit Determination. This written appeal should set forth the reasons why the Participant contends the decision was incorrect. Any written comments, documents or other relevant information may be submitted with the appeal.
3. After receipt of the written appeal, all facts, including those originally used in making the initial decision and any additional information that is sent or that is otherwise relevant, will be reviewed by the Contract Administrator's Medical Director, or physician designee if the appeal requires medical judgment. The Contract Administrator shall mail a written reply to the Participant within thirty (30) days after receipt of the written appeal. If the original decision is upheld, the reply will list the specific reasons for denial and the specific provisions on which the decision is based. Each appeal will be processed as quickly as possible.
4. Furthermore, the Participant or their authorized representative has the right to reasonable access to, and copies of all documents, records, and other information that are relevant to the appeal.

5. If the original decision is upheld upon reconsideration, the Participant may send an additional written appeal to the Appeals and Grievance Coordinator requesting further review. This appeal must set forth the reasons for requesting additional reconsideration and must be sent within sixty (60) days of the Contract Administrator's mailing of the initial reconsideration decision. A Medical Director of the Contract Administrator who is not subordinate to the Medical Director or physician designee who decided the initial appeal, will issue a final decision after consideration of all relevant information, if the appeal requires medical judgment. A final decision on the appeal will be made within thirty (30) days of its receipt. If the appeal does not require medical judgment, a Vice President of the Contract Administrator who did not decide the initial appeal will issue the decision.

**D. Participant's Rights to an Independent External Review**

*Please read this carefully. It describes a procedure for review of a disputed health claim by a qualified professional who has no affiliation with the Trust or the Contract Administrator. If a Participant or their authorized representative requests an independent external review of a claim, the decision made by the independent reviewer will be binding and final on the Idaho School Benefit Trust.*

If the Contract Administrator, on behalf of the Trust, issues a final Adverse Benefit Determination of a Participant's request to provide or pay for a health care service or supply, a Participant may have the right to have the Contract Administrator's decision reviewed by health care professionals who have no association with the Contract Administrator. A Participant has this right only if the Contract Administrator's denial decision involved:

- The Medical Necessity, appropriateness, health care setting, level of care, or effectiveness of a Participant's health care service or supply, or
- Determination that a Participant's health care service or supply was Investigational.

A Participant must first exhaust the internal grievance and appeal processes described in this Summary Plan Description. Exhaustion of that process includes completing all levels of appeal. Exhaustion of the appeals process is not required if the Contract Administrator failed to respond to a standard appeal within thirty-five (35) days in writing or to an urgent appeal within three business days of the date the Participant filed the appeal, unless the Participant requested or agreed to a delay. The Contract Administrator may also agree to waive the exhaustion requirement for an external review request. The Participant may file for an internal urgent appeal with the Contract Administrator and for an expedited external review with the Idaho Department of Insurance at the same time if the Participant's request qualifies as an "urgent care request" defined below.

A Participant may submit a written request for an external review to:

Idaho Department of Insurance  
ATTN: External Review  
700 W State St, 3rd Floor  
Boise ID 83720-0043

For more information and for an external review request form:

- See the department's Website, [www.doi.idaho.gov](http://www.doi.idaho.gov), or
- Call the department's telephone number, (208) 334-4250, or toll-free in Idaho, 1-800-721-3272.

A Participant may act as their own representative in a request or a Participant may name another person, including a Participant's treating health care provider, to act as an authorized representative for a request. If a Participant wants someone else to represent them, a Participant must include a signed "Appointment of an Authorized Representative" form with the request before the Contract Administrator, on behalf of the Trust, determines that an individual has been authorized to act on behalf of the Participant. The form can be found on the Contract Administrator's Website [www.bcidaho.com](http://www.bcidaho.com). A Participant's written external review request to the Idaho Department of Insurance must include a completed form authorizing the release of any medical records the independent review organization may require to reach a decision on the external review. The department will not act on an external review request without a Participant's completed authorization form. If the request qualifies for external review, the Contract Administrator's final Adverse Benefit Determination will be reviewed by an independent review organization selected by the Department of Insurance. The Trust will pay the costs of the review.

**Standard External Review Request:** A Participant must file a written external review request with the Department of Insurance within four (4) months after the date the Contract Administrator issues a final notice of denial.

1. Within seven (7) days after the Department of Insurance receives the request, the Department of Insurance will send a copy to the Contract Administrator.
2. Within fourteen (14) days after the Contract Administrator receives the request from the Department of Insurance, we will review the request for eligibility. Within five (5) business days after the Contract Administrator completes that review, we will notify the Participant and the Department of Insurance in writing if the request is eligible or what additional information is needed. If the Contract Administrator denies the eligibility for review, the Participant may appeal that determination to the Department.
3. If the request is eligible for review, the Idaho Department of Insurance will assign an independent review organization to your review within seven (7) days of receipt of the Contract Administrator's notice. The Idaho Department of Insurance will also notify the Participant in writing.
4. Within seven (7) days of the date you receive the Idaho Department of Insurance's notice of assignment to an independent review organization, the Participant may submit any additional information in writing to the independent review organization that they want the organization to consider in its review.
5. The independent review organization must provide written notice of its decision to the Participant, the Contract Administrator and to the Department of Insurance within forty-two (42) days after receipt of an external review request.

**Expedited External Review Request:** A Participant may file a written "urgent care request" with the Idaho Department of Insurance for an expedited external review of a pre-service or concurrent service denial. The Participant may file for an internal urgent appeal with the Contract Administrator and for an expedited external review with the Idaho Department of Insurance at the same time.

"Urgent care request" means a claim relating to an admission, availability of care, continued stay or health care service for which the covered person received emergency services but has not been discharged from a facility, or any Pre-Service Claim or concurrent care claim for medical care or treatment for which application of the time periods for making a regular external review determination:

1. Could seriously jeopardize the life or health of the Participant or the ability of the Participant to regain maximum function;

2. In the opinion of the Provider with knowledge of the covered person's medical condition, would subject the Participant to severe pain that cannot be adequately managed without the disputed care or treatment; or
3. The treatment would be significantly less effective if not promptly initiated.

The Idaho Department of Insurance will send your request to us. The Contract Administrator will determine, no later than the second (2<sup>nd</sup>) full business day, if the request is eligible for review. The Contract Administrator's decision if the request is eligible. If the Contract Administrator denies the eligibility for review, the Participant may appeal that determination to the Department of Insurance.

If the request is eligible for review, the Idaho Department of Insurance will assign an independent review organization to the review upon receipt of the Contract Administrator's notice. The Idaho Department of Insurance will also notify the Participant. The independent review organization must provide notice of its decision to the Participant, the Contract Administrator and to the Idaho Department of Insurance within seventy-two (72) hours after the date of receipt of the external review request. The independent review organization must provide written confirmation of its decision within forty-eight (48) hours of notice of its decision. If the decision reverses the Contract Administrator's denial, the Contract Administrator will notify the Participant and the Department of Insurance of the Contract Administrator's intent to pay for the covered benefit as soon as reasonably practicable, but not later than one (1) business day after receiving notice of the decision.

**Binding Nature of the External Review Decision:**

The external review decision by the independent review organization will be final and binding on both the Trust and the Participant. **This means that if the Participant elects to request external review, the Participant will be bound by the decision of the independent review organization. The Participant will not have any further opportunity for review of the Contract Administrator's denial after the independent review organization issues its final decision.** If the Participant chooses not to use the external review process, other options for resolving a disputed claim may include mediation, arbitration or filing an action in court.

Under Idaho law, the independent review organization is immune from any claim relating to its opinion rendered or acts or omissions performed within the scope of its duties unless performed in bad faith or involving gross negligence.

**XV. Reimbursement of Benefits Paid By Mistake**

If the Contract Administrator mistakenly makes payment for benefits on behalf of a Participating Employee or their Eligible Dependent(s) that the Participating Employee or their Eligible Dependent(s) is not entitled to under this Summary Plan Description, the Participating Employee must reimburse the erroneous payment to the Contract Administrator, on behalf of the Trust.

The reimbursement is due and payable as soon as the Contract Administrator notifies the Participating Employee and requests reimbursement. The Contract Administrator, on behalf of the Trust, may also recover such erroneous payment from any other person or Provider to whom the payments were made. If reimbursement is not made in a timely manner, the Contract Administrator, on behalf of the Trust, may reduce benefits or reduce an allowance for benefits as a set-off toward reimbursement.

Even though the Contract Administrator, on behalf of the Trust, may elect to continue to provide benefits after mistakenly paying benefits, the Contract Administrator, on behalf of the Trust, may

still enforce this provision. This provision is in addition to, not instead of, any other remedy the Contract Administrator, on behalf of the Trust, may have at law or in equity.

#### **XVI. Subrogation and Reimbursement Rights**

The benefits of this Summary Plan Description will be available to a Participant when the Participant is injured, suffers harm or incurs loss due to any act, omission, or defective or unreasonably hazardous product or service of another person, firm, corporation or entity (hereinafter referred to as "third party"). To the extent that such benefits for Covered Services are provided or paid for by the Contract Administrator, on behalf of the Trust under this Summary Plan Description, agreement, certificate, contract or plan, the Contract Administrator, on behalf of the Trust shall be subrogated and succeed to the rights of the Participant or, in the event of the Participant's death, to the rights of their heirs, estate, and/or personal representative.

As a condition of receiving benefits for Covered Services in such an event, the Participant or their personal representative shall furnish the Contract Administrator in writing with the names, addresses, and contact information of the third party or parties that caused or are responsible, or may have caused or may be responsible for such injury, harm or loss, and all facts and information known to the Participant or their personal representative concerning the injury, harm or loss. In addition, the Participant shall furnish the name and contact information of the liability insurer and its adjuster of the third party, including the policy number, of any liability insurance that covers, or may cover, such injury, harm, or loss.

The Contract Administrator, on behalf of the Trust may at its option elect to enforce either or both of its rights of subrogation and reimbursement.

Subrogation is taking over the Participant's right to receive payments from other parties. The Participant or their legal representative will transfer to the Contract Administrator, on behalf of the Trust any rights the Participant may have to take legal action arising from the injury, harm or loss to recover any sums paid on behalf of the Participant. Thus, the Contract Administrator, on behalf of the Trust may initiate litigation at its sole discretion, in the name of the Participant, against any third party or parties. Furthermore, the Participant shall fully cooperate with the Contract Administrator in its investigation, evaluation, litigation and/or collection efforts in connection with the injury, harm or loss and shall do nothing whatsoever to prejudice the Contract Administrator's subrogation rights and efforts. The Contract Administrator, on behalf of the Trust will be reimbursed in full for all benefits paid even if the Participant is not made whole or fully compensated by the recovery. Moreover, the Contract Administrator and the Trust are not responsible for any attorney's fees, other expenses or costs incurred by the Participant without the prior written consent of the Contract Administrator and, therefore, the "common fund" doctrine does not apply to any amounts recovered by any attorney the Participant hires regardless of whether amounts recovered are used to repay benefits paid by the Contract Administrator, on behalf of the Trust.

Additionally, the Contract Administrator, on behalf of the Trust may at its option elect to enforce its right of reimbursement from the Participant, or their legal representative, of any benefits paid from monies recovered as a result of the injury, harm or loss. The Participant shall fully cooperate with the Contract Administrator, on behalf of the Trust in its investigation, evaluation, litigation and/or collection efforts in connection with the injury, harm or loss and shall do nothing whatsoever to prejudice the Plans reimbursement rights and efforts.

The Participant shall pay the Contract Administrator, on behalf of the Trust as the first priority, and the Contract Administrator shall have a constructive trust and an equitable lien on, all amounts from any recovery by suit, settlement or otherwise from any third party or parties or from any third party's or parties' insurer(s), indemnitor(s) or underwriter(s), to the extent of benefits provided by the Contract Administrator, on behalf of the Trust under this Summary Plan Description, regardless of

how the recovery is allocated (*i. e.*, pain and suffering) and whether the recovery makes the Participant whole. Thus, the Contract Administrator will be reimbursed by the Participant, or their legal representative, from monies recovered as a result of the injury, harm or loss, for all benefits paid even if the Participant is not made whole or fully compensated by the recovery. Moreover, the Contract Administrator and the Trust are not responsible for any attorney's fees, other expenses or costs incurred by the Participant without the prior written consent of the Contract Administrator and, therefore, the "common fund" doctrine does not apply to any amounts recovered by any attorney the Participant hires regardless of whether amounts recovered are used to repay benefits paid by the Contract Administrator, on behalf of the Trust.

To the extent that the Contract Administrator, on behalf of the Trust provides or pays benefits for Covered Services, the Contract Administrator's rights of subrogation and reimbursement extend to any right the Participant has to recover from the Participant's insurer, or under the Participant's "Medical Payments" coverage or any "Uninsured Motorist," "Underinsured Motorist," or other similar coverage provisions, and workers' compensation benefits.

The Contract Administrator, on behalf of the Trust shall have the right, at its option, to seek reimbursement from, or enforce its right of subrogation against, the Participant, the Participant's personal representative, a special needs trust, or any trust, person or vehicle that holds any payment or recovery from or on behalf of the Participant including the Participant's attorney.

The Contract Administrator's subrogation and reimbursement rights shall take priority over the Participant's rights both for benefits provided and payments made by the Contract Administrator, and for benefits to be provided or payments to be made by the Contract Administrator in the future on account of the injury, harm or loss giving rise to the Contract Administrator's subrogation and reimbursement rights. Further, the Trust's subrogation and reimbursement rights for such benefits and payments provided or to be provided are primary and take precedence over the rights of the Participant, even if there are deficiencies in any recovery or insufficient financial resources available to the third party or parties to totally satisfy all of the claims and judgments of the Participant and the Contract Administrator.

Collections or recoveries made by a Participant for such injury, harm or loss in excess of such benefits provided and payments made shall first be allocated to such future benefits and payments that would otherwise be owed by the Plan on account of the injury, harm or loss giving rise to the Contract Administrator's subrogation and reimbursement rights, and shall constitute a Special Credit applicable to such future benefits and payments that would otherwise be owed by the Plan, or any subsequent group health plan provided by the Trust. Thereafter, the Contract Administrator, on behalf of the Trust, shall have no obligation to provide any further benefits or make any further payment until the Participant has incurred medical expenses in treatment of such injury, harm or loss equal to such Special Credit.

## **XVII. Statements**

In the absence of fraud, all statements made by an applicant, or the planholder, or by an enrolled person shall be deemed representations and not warranties, and no statement made for the purpose of acquiring coverage under the Plan shall void such coverage under this Summary Plan Description or reduce benefits unless contained in a written instrument signed by the Participating School District or the enrolled person.

## **XVIII. Out-of-Area Services**

### **Overview**

The Contract Administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Arrangements.” These Inter-Plan Arrangements operate under rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever Participants access healthcare services outside the geographic area served by the Contract Administrator, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described generally below.

Typically, when accessing care outside the geographic area served by the Contract Administrator, Participants obtain care from healthcare Providers that have a contractual agreement (“participating Providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, Participants may obtain care from healthcare Providers in the Host Blue geographic area that do not have a contractual agreement (“nonparticipating Providers”) with the Host Blue. The Contract Administrator remains responsible for fulfilling its contractual obligations to you. The Contract Administrator payment practices in both instances are described below.

This disclosure describes how claims are administered for Inter-Plan Arrangements and the fees that are charged in connection with Inter-Plan Arrangements. Note that Dental Care Benefits, except when not paid as medical claims/benefits, and those Prescription Drug Benefits or Vision Care Benefits that may be administered by a third party contracted by the Contract Administrator to provide the specific service or services are not processed through Inter-Plan Arrangements.

### **A. BlueCard® Program**

The BlueCard® Program is an Inter-Plan Arrangement. Under this Arrangement, when Participants access Covered Services within the geographic area served by a Host Blue/outside the geographic area served by the Contract Administrator, the Host Blue will be responsible for contracting and handling all interactions with its participating healthcare Providers. The financial terms of the BlueCard Program are described generally below.

#### **1. Liability Calculation Method Per Claim – In General**

##### **a. Participant Liability Calculation**

Unless subject to a fixed dollar copayment, the calculation of the Participant liability on claims for Covered Services will be based on the lower of the participating Provider's billed charges for Covered Services or the negotiated price made available to the Contract Administrator by the Host Blue.

##### **b. The Trust Liability Calculation**

The calculation of the Trust liability on claims for Covered Services processed through the BlueCard Program will be based on the negotiated price made available to the Contract Administrator by the Host Blue under the contract between the Host Blue and the Provider. Sometimes, this negotiated price may be greater for a given service or services than the billed charge in accordance with how the Host Blue has negotiated with its participating healthcare Provider(s) for specific healthcare services. In cases where the negotiated price exceeds the billed charge, the Trust may be liable for the excess amount even when the Participant’s deductible has not been satisfied. This excess amount reflects an amount that may be necessary to secure (a) the Provider’s participation in the network and/or (b) the overall discount negotiated by the Host Blue. In such a case, the entire contracted price is paid to the Provider, even when the contracted price is greater than the billed charge.

## 2. Claims Pricing

Host Blues determine a negotiated price, which is reflected in the terms of each Host Blue's Provider contracts. The negotiated price made available to the Contract Administrator by the Host Blue may be represented by one of the following:

- (i) An actual price. An actual price is a negotiated rate of payment in effect at the time a claim is processed without any other increases or decreases; or
- (ii) An estimated price. An estimated price is a negotiated rate of payment in effect at the time a claim is processed, reduced or increased by a percentage to take into account certain payments negotiated with the Provider and other claim- and non-claim-related transactions. Such transactions may include, but are not limited to, anti-fraud and abuse recoveries, Provider refunds not applied on a claim-specific basis, retrospective settlements and performance-related bonuses or incentives; or
- (iii) An average price. An average price is a percentage of billed charges for Covered Services in effect at the time a claim is processed representing the aggregate payments negotiated by the Host Blue with all of its healthcare Providers or a similar classification of its Providers and other claim- and non-claim-related transactions. Such transactions may include the same ones as noted above for an estimated price.

The Host Blue determines whether it will use an actual, estimated or average price. The use of estimated or average pricing may result in a difference (positive or negative) between the price the Trust pay on a specific claim and the actual amount the Host Blue pays to the Provider. However, the BlueCard Program requires that the amount paid by the Participant and the Trust is a final price; no future price adjustment will result in increases or decreases to the pricing of past claims.

Any positive or negative differences in estimated or average pricing are accounted for through variance accounts maintained by the Host Blue and are incorporated into future claim prices. As a result, the amounts charged to the Trust will be adjusted in a following year, as necessary, to account for over- or underestimation of the past years' prices. The Host Blue will not receive compensation from how the estimated price or average price methods, described above, are calculated. Because all amounts paid are final, neither positive variance account amounts (funds available to be paid in the following year), nor negative variance amounts (the funds needed to be received in the following year), are due to or from the Trust. If the Trust terminates, you will not receive a refund or charge from the variance account.

Variance account balances are small amounts relative to the overall paid claims amounts and will be liquidated/drawn down over time. The timeframe for their liquidation depends on variables, including, but not limited to, overall volume/number of claims processed and variance account balance. Variance account balances may earn interest at the federal funds or similar rate. Host Blues may retain interest earned on funds held in variance accounts.

## 3. BlueCard Program Fees and Compensation

The Trust understands and agrees to reimburse the Contract Administrator for certain fees and compensation which the Contract Administrator are obligated under the BlueCard Program to pay to the Host Blues, to the Association and/or to vendors of BlueCard Program-related services. The specific BlueCard Program fees and compensation that are charged to the Trust are set forth in Appendix A. BlueCard Program Fees and compensation may be revised from time to time as described in section G. below.

## B. Special Cases: Value-Based Programs

### *Value-Based Programs Overview*

The Plan Sponsor's Participants may access Covered Services from Providers that participate in a Host Blue's Value-Based Program. Value-Based Programs may be delivered either through the BlueCard Program or a Negotiated Arrangement. These Value-Based Programs may include, but are not limited to, Accountable Care Organizations, Global Payment/Total Cost of Care arrangements, Patient Centered Medical Homes and Shared Savings arrangements.

### *Value-Based Programs under the BlueCard Program*

#### *Value-Based Programs Administration*

Under Value-Based Programs, a Host Blue may pay Providers for reaching agreed-upon cost/quality goals in the following ways:

The Host Blue may pass these Provider payments to the Contract Administrator, which the Contract Administrator will pass directly on to the Plan Sponsor as either an amount included in the price of the claim or an amount charged separately in addition to the claim.

When such amounts are included in the price of the claim, the claim may be billed using one of the following pricing methods, as determined by the Host Blue:

- (i) **Actual Pricing:** The charge to accounts for Value-Based Programs incentives/Shared Savings settlements is part of the claim. These charges are passed to the Plan Sponsor via an enhanced Provider fee schedule.
- (ii) **Supplemental Factor:** The charge to accounts for Value-Based Programs incentives/Shared Savings settlements is a supplemental amount that is included in the claim as an amount based on a specified supplemental factor (e.g., a small percentage increase in the claim amount). The supplemental factor may be adjusted from time to time.

When such amounts are billed separately from the price of the claim, they may be billed as follows:

- **Per Member Per Month (PMPM) Billings:** Per Member Per Month billings for Value-Based Programs incentives/Shared Savings settlements to accounts are outside of the claim system. The Contract Administrator will pass these Host Blue charges directly through to the Plan Sponsor as a separately identified amount on the group billings.

The amounts used to calculate either the supplemental factors for estimated pricing or PMPM billings are fixed amounts that are estimated to be necessary to finance the cost of a particular Value-Based Program. Because amounts are estimates, there may be positive or negative differences based on actual experience, and such differences will be accounted for in a variance account maintained by the Host Blue (in the same manner as described in the BlueCard claim pricing section above) until the end of the applicable Value-Based Program payment and/or reconciliation measurement period. The amounts needed to fund a Value-Based Program may be changed before the end of the measurement period if it is determined that amounts being collected are projected to exceed the amount necessary to

fund the program or if they are projected to be insufficient to fund the program.

At the end of the Value-Based Program payment and/or reconciliation measurement period for these arrangements, Host Blues will take one of the following actions:

- Use any surplus in funds in the variance account to fund Value-Based Program payments or reconciliation amounts in the next measurement period.
- Address any deficit in funds in the variance account through an adjustment to the PMPM billing amount or the reconciliation billing amount for the next measurement period.

The Host Blue will not receive compensation resulting from how estimated, average or PMPM price methods, described above, are calculated. If the Plan Sponsor terminates, you will not receive a refund or charge from the variance account. This is because any resulting surpluses or deficits would be eventually exhausted through prospective adjustment to the settlement billings in the case of Value-Based Programs. The measurement period for determining these surpluses or deficits may differ from the term of the Plan.

Variance account balances are small amounts relative to the overall paid claims amounts and will be liquidated/drawn down over time. The timeframe for their liquidation depends on variables, including, but not limited to, overall volume/number of claims processed and variance account balance. Variance account balances may earn interest, and interest is earned at the federal funds or similar rate. Host Blues may retain interest earned on funds held in variance accounts.

Note: Participants will not bear any portion of the cost of Value-Based Programs except when a Host Blue uses either average pricing or actual pricing to pay Providers under Value-Based Programs.

#### *Care Coordinator Fees*

Host Blues may also bill the Contract Administrator for Care Coordinator Fees for Provider services which we will pass on to the Plan Sponsor as follows:

1. PMPM billings; or
2. Individual claim billings through applicable care coordination codes from the most current editions of either Current Procedural Terminology (CPT) published by the American Medical Association (AMA) or Healthcare Common Procedure Coding System (HCPCS) published by the U.S. Centers for Medicare and Medicaid Services (CMS).

As part of the Plan, the Contract Administrator and the Plan Sponsor will not impose Participant Cost Sharing for Care Coordinator Fees.

#### *Value-Based Programs under Negotiated Arrangements*

If the Contract Administrator has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the Plan Sponsor's Participants, the Contract Administrator will follow the same procedures for Value-Based Programs administration and Care Coordination Fees as noted in the BlueCard Program section.

Exception: For negotiated arrangements, when Control/Home Licensees have negotiated with

accounts to waive member Cost Sharing for care coordinator fees, the following provision will apply: As part of the Plan, the Contract Administrator and the Plan Sponsor have agreed to waive Participant Cost Sharing for care coordinator fees.

**C. Prepayment Review and Return of Overpayments**

If a Host Blue conducts prepayment review activities including, but not limited to, data mining, itemized bill reviews, secondary claim code editing, and DRG audits, the Host Blue may bill the Contract Administrator up to a maximum of 16 percent of the savings identified, unless an alternative reimbursement arrangement is agreed upon by the Contract Administrator and the Host Blue, and these fees may be charged to the Plan Sponsor. If a Host Blue engages a third party to perform these activities on its behalf, the Host Blue may bill the Contract Administrator the lesser of the full amount of the third-party fees or up to 16 percent of the savings identified, unless an alternative reimbursement arrangement is agreed upon by the Contract Administrator and the Host Blue, and these fees may be charged to the Plan Sponsor.

Recoveries from a Host Blue or its participating and nonparticipating Providers can arise in several ways, including, but not limited to, anti-fraud and abuse recoveries, audits/healthcare Provider/hospital bill audits, credit balance audits, utilization review refunds and unsolicited refunds. Recoveries will be applied so that corrections will be made, in general, on either a claim-by-claim or prospective basis. If recovery amounts are passed on a claim-by-claim basis from a Host Blue to the Contract Administrator they will be credited to the Trust's account. In some cases, the Host Blue will engage a third party to assist in identification or collection of recovery amounts. The fees of such a third party may be charged to the Trust as a percentage of the recovery.

Unless otherwise agreed to by the Host Blue, for retroactive cancellations of membership, the Contract Administrator will request the Host Blue to provide full refunds from participating healthcare Providers for a period of only one year after the date of the Inter-Plan financial settlement process for the original claim. For Care Coordinator Fees associated with Value-Based Programs, the Contract Administrator will request such refunds for a period of only up to ninety (90) days from the termination notice transaction on the payment innovations delivery platform. In some cases, recovery of claim payments associated with a retroactive cancellation may not be possible if, as an example, the recovery (a) conflicts with the Host Blue's state law or healthcare Provider contracts, (b) would result from Shared Savings and/or Provider Incentive arrangements or (c) would jeopardize the Host Blue's relationship with its participating healthcare Providers, notwithstanding to the contrary any other provision of the Plan.

**D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees**

In some instances, federal or state laws or regulations may impose a surcharge, tax or other fee that applies to self-funded accounts. If applicable, the Contract Administrator will disclose any such surcharge, tax or other fee to the Trust, which will be the Trust liability.

**E. Nonparticipating Providers Outside the Contract Administrator's Service Area**

*Please refer to the Additional Amount of Payment Provisions section in this Summary Plan Description.*

**F. Blue Cross Blue Shield Global Core**

## 1. General Information

If Participants are outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands (hereinafter: “BlueCard service area”), they may be able to take advantage of BCBS Global Core when accessing Covered Services. BCBS Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although BCBS Global Core assists Participants with accessing a network of Inpatient, outpatient and professional Providers, the network is not served by a Host Blue. As such, when Participants receive care from Providers outside the BlueCard service area, the Participants will typically have to pay the Providers and submit the claims themselves to obtain reimbursement for these services.

### • Inpatient Services

In most cases, if Participants contact the BCBS Global Core Service Center for assistance, hospitals will not require Participants to pay for covered Inpatient services, except for their Deductibles, Cost Sharing, etc. In such cases, the hospital will submit Participant claims to the BCBS Global Core service center to initiate claims processing. However, if the Participant paid in full at the time of service, the Participant must submit a claim to obtain reimbursement for Covered Services. **Participants must contact Blue Cross of Idaho to obtain precertification for non-emergency Inpatient services.**

### • Outpatient Services

Physicians, urgent care centers and other outpatient Providers located outside the BlueCard service area will typically require Participants to pay in full at the time of service. Participants must submit a claim to obtain reimbursement for Covered Services.

### • Submitting a BCBS Global Core Claim

When Participants pay for Covered Services outside the BlueCard service area, they must submit a claim to obtain reimbursement. For institutional and professional claims, Participants should complete a BCBS Global Core claim form and send the claim form with the Provider’s itemized bill(s) to the BCBS Global Core service center address on the form to initiate claims processing. The claim form is available from Blue Cross of Idaho, the BCBS Global Core service center, or online at [www.bcbsglobalcore.com](http://www.bcbsglobalcore.com). If Participants need assistance with their claim submissions, they should call the BCBS Global Core service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

## 2. BCBS Global Core-Related Fees

The Participating School District understands and agrees to reimburse Blue Cross of Idaho for certain fees and compensation which we are obligated under applicable Inter-Plan Arrangement requirements to pay to the Host Blues, to the Association and/or to vendors of Inter-Plan Arrangement-related services. The specific fees and compensation that are charged to the Participating School District under BCBS Global Core are set forth in Appendix A. Fees and compensation under applicable Inter-Plan Arrangements may be revised from time to time as provided for in section G. below.

**G. Modifications or Changes to Inter-Plan Arrangement Fees or Compensation**

Modifications or changes to Inter-Plan Arrangement fees are generally made effective Jan. 1 of the calendar year, but they may occur at any time during the year. In the case of any such modifications or changes, the Contract Administrator shall provide the Trust with at least thirty (30) days' advance written notice of any modification or change to such Inter-Plan Arrangement fees or compensation describing the change and the effective date thereof and the Trust right to terminate this Agreement without penalty by giving written notice of termination before the effective date of the change. If the Trust fails to respond to the notice and does not terminate this Agreement during the notice period, the Trust will be deemed to have approved the proposed changes, and the Contract Administrator will then allow such modifications to become part of this Agreement.

**XIX. Individual Benefits Management**

Individual Benefits Management allows the Contract Administrator to provide alternative benefits in place of specified Covered Services when alternative benefits allow the Participant to achieve optimum health care in the most cost-effective way.

The decision to allow alternative benefits will be made by the Contract Administrator on a case-by-case basis. The Contract Administrator may allow alternative benefits in place of specified Covered Services when a Participant, or the Participant's legal guardian and their Physician concur in the request for and the advisability of alternative benefits. The Trust reserves the right to modify, limit, or cease providing alternative benefits at any time.

A determination to cover alternative benefits for a Participant shall not be deemed to waive, alter, or affect the Contract Administrator's right to reject any other requests or recommendations for alternative benefits.

**XX. Coverage and Benefits Determination**

The Contract Administrator is vested with authority and discretion to determine eligibility for coverage and whether a claim for benefits is covered under the terms of this Summary Plan Description, based on all the terms and provisions set forth in this Summary Plan Description, and also to determine the amount of benefits owed on claims which are covered.

**XXI. Health Care Providers Outside the United States**

The benefits available under the Plan are also available to Participants traveling or living outside the United States. The Inpatient Notification and Prior Authorization requirements will apply. If the Provider is a Contracting Provider with BlueCard, the Contracting Provider will submit claims for reimbursement on behalf of the Participant. Reimbursement for Covered Services will be made directly to the Contracting Provider. If the Health Care Provider does not participate with BlueCard, the Participant will be responsible for payment of services and submitting a claim for reimbursement to the Contract Administrator. The Contract Administrator will require the original claim along with an English translation. It is the Participant's responsibility to provide this information.

The Contract Administrator will reimburse covered Prescription Drugs purchased outside the United States by Participants who live outside the United States where no suitable alternative exists. Reimbursement will also be made in instances where Participants are traveling and new drug therapy is initiated for acute conditions or where emergency replacement of drugs originally prescribed and purchased in the United States is necessary. The reimbursable supply of drugs in travel situations will be limited to an amount necessary to assure continuation of therapy during the travel period and for a reasonable period thereafter.

Finally, there are no benefits for services, supplies, drugs or other charges that are provided outside the United States, which if had been provided in the United States, would not be a Covered Service under this Summary Plan Description.
