# Non-Resident Students

- Out-of-district open enrollment is a program that spans one school year at a time. Parents/guardians must reapply each spring for the following school year.
- Open Enrollment Applications are available at the Lapwai School District Office. **New and returning** students who do not reside within the Lapwai School District are encouraged to apply as soon as possible.
- Students must obey all policies and regulations of the Lapwai Schools as a condition for continued enrollment.
- Exclusive of school-scheduled activities, non-resident students must maintain a minimum of 88% of the classroom-scheduled time per semester as a condition for continued enrollment.

Complete an application today to reserve your child's enrollment for the 2018-2019 school year. Please call (208) 843-2622 with questions.

## Reading and Your Kids ~An interview with Chelsea Davis, a Lapwai Elementary School parent

What are some ways you encourage your child to read for fun?  
We encourage our child to read by picking out books that interest them, and have humor.

What books (or types of books) does your child enjoy reading?  
My child enjoys reading books about cooking, animals, or anything that looks funny.

How often do you read to your child?  
I try to read to my child a few times a week, but definitely could read to them more often.

When do you read to your kids?  
I read to my kids in the evening after dinner and before bath time.

If you have older kids, how do you encourage them to support their younger siblings in reading for fun?  
I encourage my older kids to talk to my younger kids about things they are reading that peak their interest.

When is the best time for your kids to read for fun?  
The best time for my kids to read is after dinner when they wind down for the evening.

What is a resource that would help you encourage your child to read more?  
A resource that encourages my child to read more is their electronics. I like reading apps that are catered to reading activities.

## Reading Apps for Kids

**Tiktok StorySpark.** Kids write and illustrate their own books, using a catalog of art or their own photos or digital drawings for the backgrounds. When it's ready, books are "published" under a chosen pen name and posted online at Tiktok.com. iPad, iPhone, iPod Touch, Android; app is free, books are \$3 each.

**Bookster.** Young readers can find new favorite stories narrated by kids their age. Your little ones will also learn new vocabulary words and can record themselves reading the books when they've finished! iPad, iPhone, iPod Touch, Android; free with first e-book.

**TalesGo.** Streaming, on-demand, unlimited access to more than 1,000 stories. Scroll through and sort by reader age, genre, and more. Bookmark and build a favorites list for easy return visits! iPad, iPhone, iPod Touch; \$10 per month.

**A Story Before Bed.** More than 300 stories in this app's library for an interactive read-along experience with your child. Record video of storytime so that your little one can watch it again in the morning, while paging through and following along! iPad, iPhone, iPod Touch; \$10 per month.

**TouchBooks.** Quirky sounds, animation, and a flip-book usability offer a realistic experience and a touch of magic for toddlers and tweens. iPad, iPhone, iPod Touch, Android, Windows Phone; free with two free books.

**MeeGenius.** Highlight words for review and use the MeeGenius audio playback to keep your little bookworms engaged. Give the personalization element a try, where a child can substitute his or her own name for that of a favorite character in the book! iPad, iPhone, Android, Google TV; free with book selection.

**Recommended from Scholastic.com**
