Help Us Hold the Federal Government Accountable for Their Obligation to Lapwai Students

Our Impact Aid allocation is based on the number of children who live on trust property as well as parents who work on trust land.

During Parent-Teacher Conferences, November 7th and 8th, parents will be requested to complete residency and employment surveys to ensure the highest Lapwai School District allocation for Impact Aid. Your confidential responses hold the federal government accountable to their promise of ensuring a fully funded and equitable education for our students.

Impact Aid has not been fully funded since 1969, leaving \$867 million in unmet needs for schools like ours across the country. On average, schools receive about 55% of what they are due. Your help with verification by completing the needed forms will assist us holding them accountable to provide this funding obligation to all Lapwai students.

Impact Aid

In an effort to hear the voices of our parents, community members and Nez Perce Tribal leaders in the planning and development of our educational programs and activities, the following survey was created. The survey is available in two formats.
