**SEPTEMBER  
& OCTOBER  
2022**

*OCTOBER IS NATIONAL BULLYING PREVENTION MONTH*

*How does Lapwai Elementary School work to prevent bullying?*

- **BEHAVIOR EXPECTATIONS** are taught to all students. Bullying is not acceptable in a climate where “Be Respectful, Be Responsible, and Be Safe” is expected.
- The **PATHS** (Promoting Alternative Thinking Strategies) social and emotional learning curriculum is taught to our students twice a week. These lessons teach students how to resolve conflicts peacefully, handle emotions positively, empathize, and make responsible decisions. Bullying is greatly reduced when students empathize with others.

- **STOP, WALK, TALK** is taught in the classroom as well as other specific lessons about bullying (PBIS.org). Students are taught that if someone does something disrespectful or hurtful, to tell them to **STOP** and use a physical signal (palm toward the student bullying). If the problem behavior continues, students are to **WALK** away from the situation. Sometimes the behavior still continues, and then students are taught to **TALK** to an adult. Bystanders are encouraged to assist a peer in walking away, and not be an audience to the bullying behavior.
- Helping students to **recognize the difference** between someone being mean or rude versus bullying (intentionally aggressive behavior repeated over time, involving an imbalance of power).

## After School Program

## FAMILY ENGAGEMENT TEAM!

This is an opportunity for family members to:

- **BE INVOLVED** with planning of events, school policies, and connecting the school to the community.
- **ASK QUESTIONS** about things your students are involved in, or how you can know more about what goes on at school and why.
- **ENCOURAGE OTHER PARENTS and FAMILY MEMBERS** as you raise your students at home and in the community.
- **JOIN IN** a long-standing partnership between the Nez Perce Tribe (STEP) and the Lapwai School District.

We welcome all moms, dads, grandmas, grandpas, uncles, aunts, brothers, or other family members of Lapwai Elementary students to be part of this team and partner with our staff and teachers to impact our students in a positive way!

## What to do?

- **EVERYONE** in your house needs a head check.
- **EVERYONE** with lice needs to be treated.  
*EVERYONE* living in the home should be treated (lice shampoo).
- After treatment, you **MUST** use a fine-tooth comb and pick out the lice and the nits.
- **TREAT AGAIN** in 7 days, to kill any nits that have hatched.
- Machine wash hot **ANYTHING** that can be washed in the washer (clothing, sheets, blankets, machine washable stuffed toys), **HOT** dryer for at least 20 minutes.
- **BAG UP** all stuffed toys or pillows that can't be washed, keep them bagged for at least 2 weeks.
- **VACUUM** all floors.
- **SANITIZE** all hair brushes, combs, and other accessories/tools in very hot water.
- Keep long hair braided or in a bun until lice are gone.
- Continue these steps regularly until the lice are gone to avoid re-infestation.

# Head Lice!? Oh no!

[headlice.org](http://headlice.org)

## Where can I get lice treatment?

- School office, Community Health (no cost)

treatment kit contains lice shampoo, lice combs, shower caps, laundry soap, large trash bags, instructions

## Alternatives to lice shampoo:

- Tea tree, anise, and ylang ylang essential oils combined with coconut oil have been shown to be effective in repelling and killing of lice, if used every 5-10 days until lice are gone.

## Prevention!

- Vinegar spray on hair (available at Community Health)
- Tea tree oil added to your shampoo and used regularly
- Avoid head-to-head contact
- Avoid sharing hats/jackets/scarves, blankets, pillows
- Keep long hair braided or in a bun while at school

### Tip:

Nits (lice eggs) are tiny yellowish or grayish-white oval shaped eggs that are "glued" to the side of a hair shaft. They won't flake off easily like dandruff. They are not irregular shaped or fuzzy.
